## Assessment Tasks

### 1 Practical Assessment

#### Assessment Type

Practical Assessment

#### Task Description

Professional Practice 5 comprises of a 5 week (25 day) continuous internship whereby a pre-service teacher has 'authorisation to teach' from the Queensland College of Teachers. The Internship is a guided partnership between an Intern and a Mentor Teacher. The Internship provides a period of sustained professional practice during which Interns can consolidate the link between theory and practice. Interns will build upon their existing skills, enabling them to become autonomous, reflective, collaborative and profession ready to enter the teaching profession. Throughout the placement the Intern assumes the following:

- 50% teaching load in their allocated class/es which will be determined in negotiation with the Mentor Teacher/s. 50% co-planning, team teaching, assisting, observing and other professional experiences

#### Professional Practice 5 Requirements:

- **Working Portfolio:** Interns are required to keep and maintain a Working Portfolio for the duration of the Internship.
- **Self-Reflective Statement:** Interns will write a self-reflective statement (maximum 1000 words) that makes connections between the theory, practice and process of being a teacher and the Australian Professional Standards for Teachers at Graduate Career Stage. It is expected that explicit links will be made to the Australian Professional Standards for Teachers throughout the self-reflective statement. The Intern is expected to hand their self-reflective statement to their Mentor Teacher in Week 3 (of 5). A professional dialogue regarding the self-reflective statement is to occur between the Intern and the Mentor Teacher, who then verifies the statement using the verification form in the Internship Guidelines booklet in Week 4 (of 5). An electronic copy of the Verification form will be provided to the Mentor Teacher.
- **Internship Statement of Completion:** At the end of the Internship, the Mentor Teacher will complete the Internship Statement. An electronic copy of the Internship Statement of Completion will be provided to the Mentor Teacher. Interns are responsible for ensuring that the Self-Reflective Statement, the Verification Form and the Internship Statement of Completion are signed by the Mentor Teacher and are uploaded into the Professional Practice 5 Task 1 link in Moodle.

The University Coordinator will review the self-reflection and verification before finalising the Statement of Completion and assigning the final grading for this item.

**Alternative Practical Assessment** (Please note: This task description includes an alternative to the internship placement. *This option is available ONLY in the event of school closures or the inability of a school in a student's region or state to support the placement as a direct result of COVID-19 restrictions.* The unit coordinator and Academic Director of Professional Practice will provide approval for students to undertake this alternative task.)

#### Task Description:

You will create a 20-minute oral presentation that showcases the 3 components below (parts 1, 2, and 3). You will present to a panel of Education academics over Zoom at a time negotiated with the unit coordinator. Additionally, there will be 10 minutes of questions posed to you by the panel based on your research topic.

#### **Part 1: Research of a current issue**

Choose one of the following issues that are currently impacting the schooling environment as the focus for your research:

- Health and wellbeing

- Learner engagement in an online environment
- Working with parents and carers

Specific details about the focus and requirements of your research will be provided on the Moodle site for this unit.

### **Part 2: You as a teacher: Reflective practice**

Based on the research you have undertaken for part 1, reflect specifically on your own knowledge, skills and abilities in this area. Use the following questions to guide your reflection:

- What knowledge and skills are needed to ensure effective practice in the classroom?
- How does this relate to the teaching and learning cycle?
- What professional development (both formal and informal) could you undertake to build and/or further your capabilities in this?

### **Part 3: You as a teacher: Practical enactment**

As a beginning teacher in a changing world, classrooms will not just be a physical space but will include online platforms and virtual spaces. Thus, the roles you undertake as a teacher and the way that you operate will incorporate different types of classroom environments. Focusing on the research undertaken for part 1, make links to the graduate career stage of the Australian Professional Standards for Teachers through an analysis of your final placement (PP4) and respond to the following questions:

- How can you practically apply your knowledge and skills in both a traditional face to face classroom and an online learning environment? What would your approach to teaching and supporting your learners look like, sound like and feel like?
- What will change in your current practice due to your increase in knowledge and how will you ensure that you are both flexible and innovative?
- How you will communicate with students, parents and other school personnel?

### **Assessment Due Date**

The self-reflective statement and the internship completion statement should be uploaded no later than 1 week after the conclusion of the placement.

### **Return Date to Students**

The internship completion statement will be signed by the university supervisor and then uploaded into Moodle.

## 2 ePortfolio

### Assessment Type

Portfolio

### Task Description

Interns are required to prepare a final ePortfolio that demonstrates their capabilities of the Australian Professional Standards for Teachers at Graduate Career Stage. The ePortfolio should address all 7 Standards and should be a carefully considered selection of key materials and examples directly related to demonstrating evidence of and understanding the practical application of the Standards.

Your ePortfolio should contain 8 sections:

Introduction - This is an introduction about you as a beginning professional. Incorporate such information as who are you, how did you get here and where are you going.....

Standard 1 - Know students and how they learn

Standard 2 - Know the content and how to teach it

Standard 3 - Plan for and implement effective teaching

Standard 4 - Create and maintain supportive and safe learning environments

Standard 5 - Assess and provide feedback and report on student learning

Standard 6 - Engage in professional learning

Standard 7 - Engage professionally with colleagues, parents/carers and the community.

You need to include two quality artefacts (evidence) in your ePortfolio per Standard (**14 in total**) along with an annotation (no more than 100 words per artefact - 1400 words in total) which explains how that artefact shows evidence of your demonstration of the Standard. In your response, consider how these artefacts provide evidence of **how you have made a positive impact on student learning through your approach to teaching and learning.**

**Do not upload previous university assignments as an artefact of the Standards. This ePortfolio should demonstrate the practice you have engaged in during your Internship.** Also ensure that your artefacts are examples of what you have done during your placement/s, not something that the school or your mentor teacher has done.

The ePortfolio will be created using iTunesU. Once complete, you are to share your ePortfolio with your lecturer for viewing by uploading your ePortfolio enrolment code to the assessment link in Moodle. Ensure that you set your iTunes U course to automatic enrolment.

### Assessment Due Date

Your ePortfolio is to be completed and uploaded one week after the completion of the block placement.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
