General Information

Overview

Professional Practice 4 provides you with opportunities for full immersion in all aspects of professional practice and critical reflection during your final supervised professional experience. You will undertake 30 days professional experience comprising five one day visits to prepare you for the continuous five week (25 day) teaching block in a classroom environment. Embedded in this unit is the Graduate Teacher Performance Assessment (GTPA), a culminating authentic assessment designed to enable you to demonstrate achievement of the professional standards and provide confirmation of your readiness for classroom practice. Your response to this task will be a reflection of your teaching practice including the elements of teaching, planning, assessing and reflecting through demonstrating your ability to use data to improve learning and teaching by aligning curriculum, pedagogy and assessment taking into consideration school contexts and learner diversity. The block placement culminates in the completion of the Final Professional Experience Recommendation form through measuring the standard that has been achieved by you through comparing it against the Australian Professional Standards for Teachers (Graduate Career Stage). Achieving the Graduate Career Stage illustrates your readiness to enter the workplace. You must pass all assessment tasks to pass this unit.

Assessment Tasks

1 Professional Practice Placement

Assessment Type

Professional Practice Placement

Task Description

Professional Practice 4 is the fourth and final assessable placement and consists of 30 days: 5 single day visits plus a 25 day continuous block placement. Professional Practice 4 is designed to provide final year pre-service teachers with the opportunity to demonstrate the professional knowledge, skills, and engagement embedded in the focus areas of the Australian Professional Standards for Teachers at Graduate Career Stage. Pre-service teachers will immerse themselves in the role of a teacher and are expected to build towards continuous teaching by the beginning of week 3. The Professional Practice 4 Information and Guidelines booklet contains a weekly outline of tasks and requirements.

Working Portfolio

Pre-service teachers are required to keep and maintain a Working Portfolio for the duration of Professional Practice 4. The working portfolio will provide evidence of the demonstration of the Australian Professional Standards for Teachers at the Graduate Career Stage and will document your learning journey.

Queensland Professional Experience Reporting Framework (QPERF)

Pre-service teachers will be assessed using the Queensland Professional Experience Reporting Framework by their mentor teacher at the end of the 5-week block. Prior to this, the interim report is to be completed by the mentor teacher at the end of week 3 so as to provide the pre-service teacher with an opportunity to identify strengths and areas for improvement. The interim report should be placed in the working portfolio.

You are required to upload your attendance record into the task 1 Moodle link.

Assessment Due Date

The final report will be completed via electronic means and should be completed immediately after the placement concludes.

Return Date to Students

The final summative report will be finalised by your university supervisor and will then be available for download via the Sonia system.

2 The Graduate Teacher Performance Assessment (GTPA)

Assessment Type

Written Assessment

Task Description

As part of Professional Practice 4, you will complete the Graduate Teacher Performance Assessment which will provide explicit evidence of the Australian Professional Standards for Teachers (at graduate level). The Graduate Teacher Performance Assessment (GTPA) submission includes:

1. The cover sheet confirming the inclusion of all required submission elements signed authenticity statement, and optional research permission (template provided);
2. The professional experience context statement that presents characteristics of the school and classroom site where the GTPA was completed (template provided);
3. The demonstration of competence in five interrelated practices: planning, teaching, assessing, reflecting and appraising (5000 words);
4. The profile of data collection and use (template provided);
5. Evidence of moderation processes (template provided);
6. A reference list of all materials (curriculum, school documents, policy, theory, and research) cited in your submission using APA (7th edition).

The submission must show demonstrated connection of theory and practice and discerning use of evidence that is illustrative of your practice. The evidence is to be integrated into your submission.

The demonstration of competence in five interrelated practices: planning, teaching, assessing, reflecting, and appraising (5000 words) is as follows:

Practice 1: Planning using data

This practice involves collecting and interpreting a range of data and evidence to inform your planning and teaching in order to establish students' learning needs and current levels of performance, desired levels of performance and strategies to progress learning. It will also demonstrate the alignment of curriculum, assessment, and pedagogy. This component will be no more than 1000 words, excluding evidence.

Practice 2: Teaching and learning

This practice involves the implementation and reporting on a range of suitably challenging and engaging teaching and learning strategies that connect to and build on students' prior learning, provide differentiation, teach general capabilities including literacy and numeracy, as well as your ability to make ongoing adjustments to teaching based on ongoing student data gathering and analysis. This component will be no more than 1000 words, excluding evidence.

Practice 3: Assessing, feedback and professional judgment

This practice involves reporting on the selection and use of a variety of assessment tools and practices, addressing fitness for purpose and principles of inclusion. The practice also involves providing feedback to learners to inform student self-assessment and goal setting, making judgments about student work and engaging in moderation. This component will be no more than 1000 words, excluding evidence.

Practice 4: Reflecting on teaching

This practice involves describing and analysing initial and ongoing data choices, identifying and describing differences between planned and enacted teaching, discussing the monitoring of student progress and the modification of teaching and assessment strategies, and identifying and justifying future teaching and assessment practices. This component will be no more than 1000 words, excluding evidence.

Practice 5: Appraising the impact of teaching

In this practice, you will appraise the impact of your teaching through the use of two scenarios that connect theory, enacted practice and the curated body of evidence, and you will examine and discuss teaching decisions. This component will be no more than 1000 words, excluding evidence.

Ensure that you access the 2021/22 GTPA Preservice Teacher Booklet for further detail about this assessment task.

Assessment Due Date

Your GTPA must be handed in as one document with your evidence embedded. Ensure that you use the checklist to ensure you have included all components.

Return Date to Students

The GTPA will be returned once it has been marked and moderated.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
