

ENEG20001 Australian Engineering Practice

Term 1 - 2018

Profile information current as at 26/04/2024 05:37 pm

All details in this unit profile for ENEG20001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will be introduced to the roles of professional engineers in the Australian context. You will explore the Engineers Australia Stage 1 competencies and the place of the professional engineer in the engineering team. You will see that the engineer's role is to facilitate the integration of technical, business, social, cultural, environmental, economic and political issues that arise within engineering projects and programs. You will apply information literacy skills and information technology skills to engineering projects and present project outcomes. You will work in teams and develop team skills, develop communication skills appropriate for the professional environment, apply risk assessment and workplace health and safety assessment to engineering activities and explore the complex nature of engineering activities and the need to deal with uncertainty and conflicting information. You will prepare a portfolio to demonstrate development of a professional attitude, problem-solving skills, technical knowledge and productive work practices, and provide evidence of a professional capacity to communicate, work and learn productively, both individually and in teams.

Details

Career Level: *Postgraduate*

Unit Level: *Level 8*

Credit Points: 12

Student Contribution Band: 2

Fraction of Full-Time Student Load: 0.25

Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 1 - 2018

- Distance
- Melbourne
- Perth
- Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 12-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 25 hours of study per week, making a total of 300 hours for the unit.

Class Timetable

[Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. **Portfolio**

Weighting: 100%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure - Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure - International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback - Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student evaluations

Feedback

Students really appreciated the opportunity to learn new Standards and software.

Recommendation

Continue to ensure that the projects require students to access Australian Standards. Continue to provide guidance in the use of relevant software.

Feedback from Student evaluations

Feedback

Students appreciate the assistance provided by the Academic Learning Centre.

Recommendation

Continue to ensure that the ALC runs several workshops throughout the term so students are aware of the service and are comfortable in approaching the relevant staff.

Feedback from Teaching team

Feedback

Some students used an old version of the Assessment Criteria for their Portfolio.

Recommendation

Ensure students are reminded throughout the term that they must access all unit materials from the unit website so they can be sure they have the latest version.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain the historical impact of engineering on society
2. Explain engineering professionalism and ethics in the Australian context
3. Discuss engineers' roles, responsibilities and the need to employ principles of sustainable development
4. Manage information and documentation
5. Communicate effectively across a range of contexts
6. Lead or participate collaboratively in teams
7. Demonstrate critical self-review, self-management and lifelong learning

The learning outcomes are linked to Engineers Australia Stage 1 Competencies.

Alignment of Learning Outcomes, Assessment and Graduate Attributes

Schedule

Week 1 - 05 Mar 2018

Module/Topic	Chapter	Events and Submissions/Topic
Why engineer?	Trevelyan Chapters; 1 Why engineer? 2 What type of engineer? and 3 Flying start, no wings, wrong direction	

Week 2 - 12 Mar 2018

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

Becoming an expert: What engineers need to know

Trevelyan Chapters;
4 Becoming an expert and
5 What engineers know

Students to brainstorm project ideas. Project will be done in a team of 4/5 and project topics allocated. Team formation will be done this week. Think about how to write reflection on your learning outcomes 1 and 2. Learning outcome 1: Explain the historical impact of engineering on society
Learning outcome 2: Explain engineering professionalism and ethics in the Australian context.

Week 3 - 19 Mar 2018

Module/Topic	Chapter	Events and Submissions/Topic
Listening, seeing, reading; Collaboration	Trevelyan Chapters; 6 Three neglected skills: Listening, seeing and reading and 7 Collaboration in engineering	Teams continue to work on Project proposal. Understand the problems, prepare project objective and plan, identify research question and develop methodology. Individual reflective writing 1: You will need to submit reflective writing/reflective paper on learning outcomes 1 and 2. The page limit for writing this reflective paper is maximum 2 pages, one page per learning outcome . Use Times New Roman font 12 with line space 1. Due: Friday of this week, 23.59 pm (mid-night).

Week 4 - 26 Mar 2018

Module/Topic	Chapter	Events and Submissions/Topic
Teaching and technical coordination	Trevelyan Chapters; 8 Informal teaching: More than an interpreter and 9 Technical coordination: Informal leadership	Teams project Presentation 1: Teams present their project proposal with clear objectives and scopes, teams responsibility, Gantt chart, etc. Schedule of presentation will be provided.

Week 5 - 02 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic
Managing a project	Trevelyan Chapter; 10 Managing a project	Teams continue to investigate state of the art research and define the problem/research question, complete literature review, develop methodology. It's time to think about writing reflective paper on learning outcomes 3-5. learning outcome 3: Discuss engineer's roles, responsibilities, and the need to employ principles of sustainable development. Learning outcome 4: Management information and documentation. Learning outcome 5: Communicate effectively across a range of contexts.

Vacation Week - 09 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic

Week 6 - 16 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic

Understand investment decision	Trevelyan Chapter; 11 Understanding investment decisions	Teams continue to work on their project. Individual reflective writing 2: You will need to submit reflective writing/reflective paper on learning outcomes 3 to 5. The page limit for writing reflective paper is maximum 3 pages, one page per learning outcome . Use Times New Roman font 12 with line space 1. Due: Friday of this week, 23.59 pm (mid-night).
--------------------------------	---	---

Week 7 - 23 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic
Negotiating sustainability	Trevelyan Chapter; 12 Negotiating sustainability	Teams continue to work on project and generate potential solutions and begin to generate a framework for evaluating solutions.

Week 8 - 30 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic
Great expectations	Trevelyan Chapter; 13 Great expectations	Teams continue to work on the project, and evaluate and model the project solution. It's time to think about writing reflective paper on learning outcomes 6 and 7. Learning outcome 6: Lead or participate collaboratively in teams. Learning outcome 7: Demonstrate critical self-review, self-management and life-long learning. Draft report submission 1: Submit your draft report. Prepare a complete outline of final report. This is an important opportunity for you to receive feedback so try to ensure your draft is as complete as possible.

Week 9 - 07 May 2018

Module/Topic	Chapter	Events and Submissions/Topic
Seeking work	Trevelyan Chapter; 14 Seeking work	Teams continue to work on the project. Develop model and refine their solution. Individual reflective writing 3: You will need to submit reflective writing/reflective paper on learning outcomes 6 and 7. The page limit for writing reflective paper is maximum 2 pages, one page per learning outcome . Use Times New Roman font 12 with line space 1. Due: Friday of this week, 23.59 pm (mid-night).

Week 10 - 14 May 2018

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

Conclusion	Trevelyan Chapter; 15 Conclusion	Teams finalise their project and work on their report and presentation. Teams project Presentation Teams present their project progress including an outline of final report and expected outcomes.
------------	-------------------------------------	---

Week 11 - 21 May 2018

Module/Topic	Chapter	Events and Submissions/Topic
		Teams FINAL project report: Due Friday of this week, 23.59pm (mid-night)

Week 12 - 28 May 2018

Module/Topic	Chapter	Events and Submissions/Topic
		Team project presentation 3. Teams present project outcomes. Presentation schedule will be provided.

Portfolio Due: Week 12 Friday (1 June 2018) 11:59 pm AEST

Review/Exam Week - 04 Jun 2018

Module/Topic	Chapter	Events and Submissions/Topic

Exam Week - 11 Jun 2018

Module/Topic	Chapter	Events and Submissions/Topic

Assessment Tasks

1 Portfolio

Assessment Type

Portfolio

Task Description

Your portfolio will demonstrate how you have met the learning outcomes for the unit and to what level. It should be presented in the form of a technical report including a table of contents. You must include **evidence** from your project work, team work, class activities and readings to demonstrate your achievement of the learning outcomes. There are minimum requirements for the Portfolio and you must provide evidence of the minimum requirements in order to be eligible for a passing grade for this unit.

At the beginning of the term, it is important that you familiarise yourself with the evidence you need to collect so that you can collect the required evidence as you work through the term.

During the term you will complete a **project** as part of a team. You will use your personal contributions to the team **project report** and **team presentation** as part of the evidence of your achievement of the learning outcomes.

Throughout the term, you will be writing some **reflective paper** that directly relate to the set readings and the learning outcomes. These will form part of the evidence of your achievement of the learning outcomes.

Individual Viva Voce

Following the submission of the Portfolio, you may be asked to defend the claims made in your Portfolio against each learning outcome. The viva voce is **compulsory**. During the viva voce, you will be asked questions directly related to the portfolio assessment criteria and the evidence you have provided. This may include evidence related to your team work. Your mark for particular portfolio criteria may be affected by your viva voce responses.

Further information on the Portfolio submission is available on the Unit Website.

Assessment Due Date

Week 12 Friday (1 June 2018) 11:59 pm AEST

The Portfolio is due at the end of Week 12. Viva voces will be scheduled in Week 13 or 14 for students whose portfolio is unsatisfactory.

Return Date to Students

Exam Week Friday (15 June 2018)

Feedback will be provided

Weighting

100%

Minimum mark or grade

50%

Assessment Criteria

You must provide evidence of your achievement of each of the Learning Outcomes

There is an Assessment Criteria sheet for this unit available on the Unit Website. The Assessment Criteria sheet gives guidance regarding the type of evidence required for each level of achievement. It is important that you review the Criteria sheet at the beginning of the term so you are familiar with the evidence you need to collect throughout the term.

There are minimum requirements for the Portfolio and you must provide evidence of the minimum requirements in order to be eligible for a passing grade for this unit.

Submission

Online

Learning Outcomes Assessed

- Explain the historical impact of engineering on society
- Explain engineering professionalism and ethics in the Australian context
- Discuss engineers' roles, responsibilities and the need to employ principles of sustainable development
- Manage information and documentation
- Communicate effectively across a range of contexts
- Lead or participate collaboratively in teams
- Demonstrate critical self-review, self-management and lifelong learning

Graduate Attributes

- Knowledge
- Communication
- Cognitive, technical and creative skills
- Self-management
- Ethical and Professional Responsibility

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
