General Information

Overview

As a student enrolled in Bachelor of Engineering (Honours) and Diploma of Professional Practice (Co-op Engineering), you will apply skills and knowledge developed in the academic course to engineering practice in an industry-based, Work Integrated Learning (WIL) context. You will identify and plan work placement objectives, document technical work practices and processes, and prepare a portfolio detailing your personal and professional growth in an industry-based engineering position. Note that you are required to undertake a minimum of 24 weeks of paid or unpaid work placement that may require relocation of accommodation to suit their employment.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback via unit evaluation and verbal communication.

Feedback

Students appreciate the opportunity to undertake a paid work placement as a part of their course.

Recommendation

Will continue to explore opportunities to grow the industry network and the diversity of placements available to students.

Feedback from Lecture feedback

Feedback

Improve the reflective writing skills of students related to their work placements.

Recommendation

Will monitor student writing skills in their summative assessments items and to provide constructive feedback. This hopefully will be acted upon in later assessment items.
