Assessment Overview

1. **Portfolio**

Weighting: 100%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

Assessment Tasks

1 Portfolio

Assessment Type

Portfolio

Task Description

The portfolio of individual work should include the following compulsory items:

1. A copy of the Feedback Form from your presentation of your workplace experience. In your presentation you will have the opportunity to demonstrate your professional presentation skills as well as compulsory items 2, 3 and 4. The feedback sheet will provide evidence of the level to which this has been achieved. You may include a written submission of these items in your portfolio if your feedback sheet shows your presentation did not meet your grade expectations.
2. A discussion of what has been achieved in terms of the work undertaken by the student in their workplace, and the significance and value of the experience gained.
3. A self evaluation of the student's personal development detailing their strengths and weaknesses and evidence of how they have grown in areas of:
 - intellectual development—integration of unit material to work problems, problem identification, critical thinking, problem solving and decision making
 - social development—social skills, initiative, independence, teamwork, confidence,
 - professional development—technical skills, time management, verbal and written communication etc.
4. An analysis of issues Identified in your workplace.
5. Issues identified in other workplaces. As well as identifying issues within their own workplace, students must attend or view the presentation of other co-op work experiences, and identify workplace issues identified by other students. Each student must submit the issues that they identified and discuss how they relate these issues to their own experiences.

6. A comparative reflective paper on how risk assessment and OHS was conducted in your placement, compared to another worksite

Further information is available on the Unit Moodle site.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
