

ENEV12002 *Community and Indigenous Engagement*

Term 3 - 2017

Profile information current as at 15/05/2024 07:05 am

All details in this unit profile for ENEV12002 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit you will critique approaches to community and Indigenous engagement within the environmental management sector. You will study aspects of post-colonialism, sustainable environmental management and cultural heritage, as well as examine applied stakeholder relationships and adaptive management approaches. Drawing on transdisciplinary perspectives from Aboriginal studies, community development, history, planning, and sociology, you will learn to evaluate the requirements of community and Indigenous engagement, and develop a professional approach to this aspect of environmental management.

Offerings For Term 3 - 2017

- Distance

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Weighting: 40%

2. **Written Assessment**

Weighting: 60%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Moodle site student feedback

Feedback

Content wise the course assisted my learning in CIE a lot. Thanks!

Recommendation

Continue to refine the core learning from the selected Unit materials. Continuously update the Unit materials to maintain currency for students. A review of the unit readings should be conducted to better balance the student workload for this unit.

Feedback from Moodle site student feedback

Feedback

I think more explanation on the assessment tasks.

Recommendation

The second assessment task (CIE report) challenged the students although most completed the task to a high level. More explanation of the expectations could be provided as well as an increase in the number of student activities provided in the weekly study guide that focus on report writing skills.

Feedback from Moodle site student feedback

Feedback

Struggled through assessment 2 as the word count suggested wasn't practical.

Recommendation

Include exercises that highlight the need for concise evidence based writing. Include exemplars from term 1 which illustrate a consistent approach to report writing. A review of the unit readings should be conducted to better balance the student workload for this unit.

Feedback from Moodle site student feedback

Feedback

I felt a bit un-engaged from this unit.

Recommendation

Could include assessment item based on levels of engagement through the Unit forum earlier in the unit (week 4). Also could make telephone contact with students at the beginning of the term.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Discuss the importance of cultural and historical awareness of Indigenous engagement within Australia and overseas
2. Identify the implications of top-down/bottom-up approaches to engagement in environmental management
3. Develop basic community and Indigenous engagement plans based on adaptive management principles
4. Prepare an engagement section of an environmental management planning report
5. Critique the key issues that shape contemporary discourses of community and Indigenous engagement.

Assessment Tasks

1 Reading summary and analysis

Assessment Type

Portfolio

Task Description

Prepare a portfolio that summarises and discusses peer reviewed journal articles on the theme of Community and Indigenous Engagement.

1. Summarise five peer reviewed journal articles using the principles of reading scientific writing discussed in Week 1 (Lecture 1b 'Reading and note taking').
2. Prepare a short introduction that sets the context of the portfolio and identifies the main issues.

3. Write a discussion that draws links between the content of the papers and the concepts studied in weeks 1 to 4.

Total word count in 1300-1500 words, not including references.

The aim of this assessment is to introduce you to communication, critical thinking and analysis, which are all essential skills for your university studies. The desired outcome of the task is to help you in the process of reading, understanding and interpreting concepts and arguments, and knowing how to apply these skills in an academic context. Further details are provided on the Moodle site.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
