

# ENTC12004 *Civil Construction*

## Term 1 - 2018

Profile information current as at 12/05/2024 02:43 am

All details in this unit profile for ENTC12004 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

### General Information

#### Overview

Students are introduced to the roles of civil construction team members, use of typical project documents, application of Standards, acts and regulations and construction processes to civil earthworks, temporary works, substructure works and superstructure works for routine construction projects. Students conduct research, prepare reports and presentations and work independently and in teams in a professional manner. Distance education (FLEX) students are required to have access to a computer and to make frequent use of the Internet.

#### Details

Career Level: *Undergraduate*

Unit Level: *Level 2*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

#### Pre-requisites or Co-requisites

Cond: Flex mode is not available to students in Co-op Course CF47

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

#### Offerings For Term 1 - 2018

- Distance

#### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

#### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### [Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### [Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

### Assessment Overview

#### 1. **Written Assessment**

Weighting: 25%

#### 2. **Online Quiz(zes)**

Weighting: 30%

#### 3. **Written Assessment**

Weighting: 45%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## CQUniversity Policies

**All University policies are available on the [CQUniversity Policy site](#).**

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Moodle course evaluation

##### Feedback

The lectures and information included were clearly delivered, very relevant and succinct.

##### Recommendation

Will continue the same level of support to students during next offer.

## Unit Learning Outcomes

### On successful completion of this unit, you will be able to:

1. explain the roles of civil construction team members [3,5,7,9]
2. apply standard project and contract documents, Standards, codes of practice, acts and regulations to routine construction work [3,4,5,9]
3. plan civil engineering construction processes for given, routine civil construction tasks [3,4,5]
4. apply information literacy skills to research and prepare professional records and reports [2, 4, 9 10]
5. work and learn both individually and in teams and in a professional manner [2, 4, 6, 9, 10]

## Alignment of Learning Outcomes, Assessment and Graduate Attributes

### Alignment of Assessment Tasks to Learning Outcomes

Assessment Tasks	Learning Outcomes				
	1	2	3	4	5
1 - Written Assessment - 25%		•	•	•	
2 - Online Quiz(zes) - 30%	•		•	•	
3 - Written Assessment - 45%	•	•	•	•	•

### Alignment of Graduate Attributes to Learning Outcomes

## Schedule

### Week 1 - 05 Mar 2018

Module/Topic	Chapter	Events and Submissions/Topic
Standards and code of practice		

### Week 2 - 12 Mar 2018

Module/Topic	Chapter	Events and Submissions/Topic
Equipment in construction projects- dozer,scraper		

### Week 3 - 19 Mar 2018

Module/Topic	Chapter	Events and Submissions/Topic
Equipment in construction projects- excavators		

### Week 4 - 26 Mar 2018

Module/Topic	Chapter	Events and Submissions/Topic
Equipment in construction projects- finishing and hauling		

### Week 5 - 02 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic
Equipment in construction projects- construction cranes, draglines		<b>Assessment item 1 - Assignment</b> Due: Week 5 Thursday (5 Apr 2018) 5:00 pm AEST

### Vacation Week - 09 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic

### Week 6 - 16 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic
Earth material stabilisation & Construction processes-Buildings		

### Week 7 - 23 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic
Construction processes-Forming systems		

### Week 8 - 30 Apr 2018

Module/Topic	Chapter	Events and Submissions/Topic
Construction processes-Timber structures		

### Week 9 - 07 May 2018

Module/Topic	Chapter	Events and Submissions/Topic
Construction processes-concrete & Masonry structures		
<b>Week 10 - 14 May 2018</b>		
Module/Topic	Chapter	Events and Submissions/Topic
Construction processes -Steel structures		<b>Assessment item 2 - Online Test</b> Due: Week 10 Thursday (17 May 2018) 5:00 pm AEST
<b>Week 11 - 21 May 2018</b>		
Module/Topic	Chapter	Events and Submissions/Topic
Construction processes -Roads		
<b>Week 12 - 28 May 2018</b>		
Module/Topic	Chapter	Events and Submissions/Topic
Construction processes -Railway		
<b>Review/Exam Week - 04 Jun 2018</b>		
Module/Topic	Chapter	Events and Submissions/Topic
Program review		<b>Assessment item 3 - Assignment</b> Due: Review/Exam Week Thursday (7 June 2018) 5:00 pm AEST
<b>Exam Week - 11 Jun 2018</b>		
Module/Topic	Chapter	Events and Submissions/Topic

## Term Specific Information

## Assessment Tasks

### 1 Assessment item 1 - Assignment

#### Assessment Type

Written Assessment

#### Task Description

Weeks 1-5 content is covered in this assessment item. Students will be asked to answer questions related to standards and equipment used in construction projects. Expected answers should be in the form of definition, briefing and explanation including simple problems. Assignment questions and details will be available on the course web site during week-1 of the term.

#### Assessment Due Date

Week 5 Thursday (5 Apr 2018) 5:00 pm AEST

Submit the assessment item on or before the due date and time. Late submission penalty is 5% per day of the allotted marks.

#### Return Date to Students

Week 7 Thursday (26 Apr 2018)

Marks will be available via Moodle

#### Weighting

25%

#### Minimum mark or grade

To pass this unit you must score minimum 9marks for this assessment item and must obtain an overall mark for the unit of at least 50%.

#### Assessment Criteria

(5%) Presentation and layout—includes the selection of typeface, written and general appearance, detail and quality of

the assessment item submission

(95%) Content—includes the accuracy and relevance of information, application of knowledge, language and grammar used in answering questions, and proper referencing of sources of information, images, data and tables used in the assessment submission. When referencing, use of the Harvard Referencing Style.

**Note : If the information is taken only from the prescribed text and the given resource material then obtaining a higher grade of marks may not be possible.**

### Referencing Style

- [Harvard \(author-date\)](#)

### Submission

Online

### Submission Instructions

It is not expected that students to type up calculations. Students should scan the hand written calculations for online submission.

### Learning Outcomes Assessed

- apply standard project and contract documents, Standards, codes of practice, acts and regulations to routine construction work [3,4,5,9]
- plan civil engineering construction processes for given, routine civil construction tasks [3,4,5]
- apply information literacy skills to research and prepare professional records and reports [2, 4, 9 10]

### Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Team Work
- Information Technology Competence
- Cross Cultural Competence
- Ethical practice

## 2 Assessment item 2 - Online Test

### Assessment Type

Online Quiz(zes)

### Task Description

This assessment has questions from the content covered in Weeks 6-10. Students will be asked to answer questions related to earth material stabilization, forming systems and various construction processes. Expected answers should be in the form of definition, brief and detailed answers including simple problems. This assessment task is in the form of online test. Details including model questions will be available on the course web site on or before week-7 of the term. Late submission is not allowed.

### Number of Quizzes

1

### Frequency of Quizzes

Other

### Assessment Due Date

Week 10 Thursday (17 May 2018) 5:00 pm AEST

Must be completed as per the due date and time. Late submission is not allowed

### Return Date to Students

Week 12 Thursday (31 May 2018)

Marks will be available via Moodle

### Weighting

30%

### Minimum mark or grade

To pass this unit you must score minimum 10marks for this assessment item and must obtain an overall mark for the unit of at least 50%.

### Assessment Criteria

(100% ) Content — includes the accuracy and relevance of information, application of knowledge, language and grammar used in answering questions, equations, data and tables used in answering questions.

## Referencing Style

- [Harvard \(author-date\)](#)

## Submission

Online

## Learning Outcomes Assessed

- explain the roles of civil construction team members [3,5,7,9]
- plan civil engineering construction processes for given, routine civil construction tasks [3,4,5]
- apply information literacy skills to research and prepare professional records and reports [2, 4, 9 10]

## Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Team Work
- Information Technology Competence
- Cross Cultural Competence
- Ethical practice

## 3 Assessment item 3 - Assignment

### Assessment Type

Written Assessment

### Task Description

This is an essay format assessment item. Students are expected to use their knowledge gained from various topics including standards, equipment used in construction projects and the process involved in the construction of load bearing structures. It is a must for students to use case study for this submission. Case study stands for the observation and analysis of an ongoing construction (option 1) or recently finished construction (option 2). Examples from literature can be used only as reference material to support the case study information of this assessment item. All details about this assessment item including format, site inspection related forms links will be provided on the course web during week-1 of the term. It is recommended for students to plan and work towards the case study essay assessment item as early as possible.

### Assessment Due Date

Review/Exam Week Thursday (7 June 2018) 5:00 pm AEST

Submit the assessment item on or before the due date and time. Late submission penalty is 5% per day of the allotted marks.

### Return Date to Students

Marks will be uploaded on the unit web site during University vacation period 22 June 2018

### Weighting

45%

### Minimum mark or grade

To pass this unit you must score minimum 15marks for this assessment item and must obtain an overall mark for the unit of at least 50%.

### Assessment Criteria

(5 %) Presentation and layout—includes the selection of typeface, written and general appearance, detail and quality of the assessment item submission

(95%) Content—includes the accuracy and relevance of information, application of knowledge, language and grammar used in answering questions, and proper referencing of sources of information, equations, images, data and tables used in the assessment submission. When referencing, use of the Harvard Referencing Style.

## Referencing Style

- Critical Thinking
- Information Literacy
- Team Work
- Information Technology Competence
- Cross Cultural Competence
- Ethical practice

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
