

ESSC11005 *Health and Sports Nutrition*

Term 1 - 2023

Profile information current as at 29/04/2024 09:13 am

All details in this unit profile for ESSC11005 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will provide you with information on the role of nutrition for general health as well as for optimising exercise and sports performance. You will learn how to measure dietary intake and how to evaluate a diet based on current guidelines. You will also learn about ethical use of nutritional supplements and ergogenic aids as well as their role in optimising exercise and sports performance. Upon completion of this unit, you will also be able to use current guidelines to provide appropriate dietary recommendations to improve health, change body composition, and optimise exercise and sports performance.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

2 Written Assessment 1

Assessment Type

Written Assessment

Task Description

Complete a three day dietary analysis using the myfitnesspal application (app). The myfitnesspal app can be downloaded for free in the App Store (Apple) or Google Play Store (Android). After downloading the app on your phone you can access the app online via a web browser. Your three day food diary must consist of two weekdays and one weekend day. You will submit the results of your three day food diary as part of your assessment. You will then answer a series of questions covered in unit readings and lecture content through weeks 1-5 (inclusive) regarding the results of a three day food diary and your general knowledge of health and sports nutrition. Submit your answers to the assessment questions on the Word document provided to you on Moodle. For all answers that require calculations you must show your calculations. Do not change the provided template (e.g. move or remove the rubrics) and keep all the text provided in the template in black font. Type your answers using red font. Put your name and student number on the top of the first page of your assessment.

Plagiarism: Please be advised the assessment submission will be checked for plagiarism. You are advised to familiarise yourself with CQUniversity's Student Academic Integrity Policy and Procedure. Any assessments suspected of plagiarism (or other type of academic misconduct) will be dealt with in accordance to the relevant policies noted in the unit profile.

Word Count: The word count is specific to each question. Penalties will apply for each question in which the word limit is exceeded. The penalty applied will be 1 point per question for every 10 words over the maximum word count.

References: References are not required as questions should be answered using unit content.

Extensions: Extensions will only be granted in accordance with CQUniversity policy. Extensions must be submitted through the Moodle site.

Late Submissions: Any assessments submitted late will incur penalties in accordance with CQUniversity policy.

File Submission: Upload your file (answers) in a Word document (.doc or .docx). If you opt to submit a PDF of your three day food diary you will submit your food diary as an additional file in PDF format (.pdf). An acceptable file that is readable must be submitted. If an unacceptable/corrupt file is submitted your assessment will be considered late until an acceptable file is submitted. Late penalties will be incurred in accordance with CQUniversity policy.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
