2. **Take Home Exam**

Weighting: 50%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Unit Teaching Evaluations

Feedback

Amount of Moodle Announcements in the Learning Community tile, and email updates is too much ((31 for T2 2022) and the students claim they do not read them

Recommendation

Be mindful of the amount of engagement in Moodle Learning Community tile using the Moodle Announcements, Discussion and Q&A Forums to reduce the email updates to the students, which the students claim they do not have time to read.

Feedback from Student Unit Teaching Evaluations and self-reflection

Feedback

Too much content on Moodle

Recommendation

Reduce the content by replacing the prescribed textbook with a Workbook and Study Notes and remove all the podcasts of the prescribed readings.

Feedback from Student Unit Teaching Evaluations

Feedback

Late assessment return and feedback

Recommendation

Ensure assessments are returned with feedback within 14 days of due date by having Graders recruited and ready as early as possible before the due dates of the assessments.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain the principles and legal framework of the Australian insurance industry
2. Analyse insurance needs of clients to solve risk management problems
3. Research and select appropriate insurance products
4. Construct strategic insurance and risk management plan.

Term Specific Information

Students are encouraged to use Midwinter Software to complete their Insurance Planning Statement of Advice.

Assessment Tasks

1 Scoped Insurance Statement of Advice

Assessment Type

Practical Assessment

Task Description

This is an individual assessment.

Important detailed information for your assessment is on the Moodle site in the <Assessments> tile.

Before you begin the assessment please download and read the:

- Instructions for completing and submitting your assessment [File 1].
- Case study background information and completed Fact Find [File 2].
- Scoped Insurance Statement of Advice template [File 3].

Please **download all three files** relating to this Assessment requirements from Moodle and read these long documents carefully.

Your task is to: Read the instructions document provided for this case study assessment.

1. Identify the client's goals, objectives, needs and financial situation by reviewing the background information and completed Fact Find document.
2. Prepare a written Statement of Advice document from the information provided in the completed Fact Find using the Microsoft-Word template provided.

You will have access to financial planning software XPlan (optional), Microsoft-Excel and/or related software [which we will make available to you via Moodle and MyCentre] to complete the assessment.

Learning how to use new software [for instance, Midwinter if you choose to use it] may need sometime and practice.

Your lecturer and classmates are available vis Moodle Discussion and Q&A Forums to address any unit content or assessment matter. Only email your lecturer directly to address any personal concerns or difficulties that cannot be shared on the public forums during the term.

Please start this assessment as soon as possible, because for some of you it will require learning numerous new skills.

From the above task, it is clear this is a practical work-integrated assessment dealing with a simulated real world financial planning client/s insurance need.

The Statement of Advice template completion is a simulation of the real-world. It contains specific justifications related to your financial planning recommendations.

Hence, this assignment has the reputation for being challenging, yet useful in terms of how it builds wealth protection knowledge as well as provides an employable skill.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
