Assessment Overview

1. **Practical Assessment**

Weighting: 50%

2. **Take Home Exam**

Weighting: 50%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Evaluation

Feedback

There is a need for better organization of content and learning materials, with a suggestion to limit the volume of information presented on overhead slides.

Recommendation

With the prescribe textbook content replaced in T2 2023, the unit coordinator will spend time on improving the organization and volume of content.

Feedback from Student Evaluation

Feedback

Students expressed a desire for more real-life examples, particularly in understanding how to complete the Insurance Needs Analysis technique, from the Sessional lecturer.

Recommendation

Coach the Sessional lecturer to provide more real-life Examples in the explanation of the Insurance Needs Analysis technique.

Feedback from Student Evaluation

Feedback

Digital Technology Issues: Technical issues were noted, such as video recordings on Moodle not functioning well on phones and tablets. Additionally, some external podcast platforms did not allow students to speed up the video.

Recommendation

Try and find podcast platforms that are more flexible with their video features to accommodate student needs where possible. Find a way for students to access video recordings using phones and tablets.

Feedback from Student Evaluation

Feedback

Students emphasized the importance of aligning weekly unit content with the assessment, seeking a more cohesive connection between the two.

Recommendation

Better alignment of weekly content with the Assessment will be done for future offerings.
