Term 1 - 2023

Profile information current as at 29/04/2024 04:45 pm

All details in this unit profile for FINC20018 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit provides a fundamental understanding of management finance. You will examine corporate financial goals and how to realise them through the raising of funds, the allocation of resources and the undertaking of investments by firms. You will be introduced to the theory and use of a range of financial decision making concepts such as financial goals, financial markets, financial mathematics, risk and return, asset pricing, capital budgeting, cost of capital, capital structure and dividend policy.

- Melbourne
- Online
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit Evaluation

Feedback

Good teaching approach by the unit coordinator.

Recommendation

The teaching team has focused on the areas that students may find challenging and spent some workshop time to reinforce finance concepts and terminologies using exercise questions and case studies. The approach works well especially for students from non-accounting and finance background.

Feedback from Unit Evaluation

Feedback

I really enjoyed the assignments for this course. They were real-world oriented, practical and I learnt a lot from them both.

Recommendation

The assessment questions are based on real-world case studies. All the assessments have been discussed in class with a clear expectation conveyed to students. The workshop sessions have been also recorded and uploaded on the Moodle to ensure that students have access to information and guidelines in preparing their assessments.

Feedback from Unit Evaluation

Feedback

Please clearly identify what the lectures and workshops are in your next course.

Recommendation

The workshop is mainly for class activities and using practical questions and case studies to engage with students, while some of the finance terminologies are explained in detail in the lecture recording. This will require students to prepare the materials before joining the workshop. The teaching team will further clarify.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Examine and describe financial goals and their realisation in the context of modern firms and financial managers
2. Analyse the role of financial markets and their functions in a developed economy
3. Evaluate various capital assets and funding strategies
4. Evaluate corporate financial decisions related to capital structure and dividend policy aimed at maximising the value of the firm.

Assessment Tasks

1 Written Assessment

Assessment Type

Written Assessment

Task Description

For Assessment 1, the task includes calculation and theory questions. Specific instructions and the marking criteria will be posted on the Moodle site. Importantly, working in a group promotes collaborative learning and knowledge sharing to enhance the learning experience.

Distant (FLEX) students have the option to work in a group of 2 or as an individual.

On-Campus students should form a team and work in a group of 2.

In summary key expectations include:

- students are encouraged to include tables, figures and appendices to support answers.
- all content [including the narrative, diagrams, figures, tables and appendices] must be referenced using APA reference formatting.
- do not include any jpeg/jpg files or similar scanned picture files of your answers or those of other students as this will be considered a plagiarism offense.
- Only provide images (jpeg/jpg/or similar) of pictures, figures or tables sourced from references that you are unable to adapt or modify in MS-word for purposes of your assessments. Make sure you reference the sources of any images correctly.
- type in all your formulas using the <Insert> <Equation>function in the Microsoft-word application and include citation as a footnote for formulas or as an in-text reference citation or you risk high similarity.
- create your own timelines in Microsoft-word or Microsoft-excel application. Do not copy and paste timelines from any website, other students' papers or other sources, or you risk high similarity.
- to demonstrate your research skills, answers to theory questions should draw supporting evidence from at least 8 different peer-reviewed references.
- text must be 1.5 spacing and use either Arial or Times Roman 12 pt, with 16 pt bold for major headings and 14 pt bold for sub-headings.
- submission is online via Moodle in Word format only (.doc or .docx). Do not upload your assignment in PDF format.

Assessment Criteria

Along with task instructions and questions, a marking rubric/mark sheet is provided on Moodle.

IMPORTANT NOTE 1: For calculation questions, full marks will only be awarded when the answer is accurate, the right formula is used AND all calculation steps, applicable diagrams/figures/tables/timelines are shown.

IMPORTANT NOTE 2: For theory questions, the minimum standards include clear and correct explanations, using your own words and adherence to APA referencing formats. Where copying and or pasting from other sources resulted in high percentage similarity, marks will be deducted. Serious cases are reported for academic misconduct.

2 Practical and Written Assessment

Assessment Type

Practical and Written Assessment

Task Description

For Assessment 2, the assessment centers around a case study which requires research and application of the theories, concepts and techniques that are needed to make financial decisions in real business environments. Specific instructions and a marking criteria will be posted on the Moodle site. Importantly, the assessment gives students the opportunity to collaborate and work as a team. Distant (FLEX) students have the option to work in a group of 2 or as an individual.

On-Campus students should form a team and work in a group of 2.

In summary the key expectations are:

- response to case study must be in report format including executive summary, table of contents, introduction, body with sub-headings, recommendations, conclusion, appendices and reference list [see also the marking criteria on Moodle for full instructions].
- fonts must be either Arial or Times Roman 12 pt and 1.5 spacing for narrative, 16 pt bold for major headings and 14 pt bold for sub-headings.
- inclusion of diagrams and tables to support the response is strongly encouraged.
- all supporting material, diagrams and tables must be properly referenced using APA in-text referencing formats.
- type in all your formulas using the <Insert> <Equation>function in the Microsoft-word application and include citation as a footnote for formulas or as an in-text reference citation or you risk high similarity.
- create your own timelines in Microsoft-word or Microsoft-excel application. Do not copy and paste timelines from any website, other students' papers or other sources, or you risk high similarity.
- support for the response should draw from a minimum of 12 different peer-reviewed academic references as well as a range of appropriate web-based internet and/or professional texts and sources.
- word count is approximately 2,000 words excluding referencing, table of contents, diagrams and tables.
- submission is online via Moodle in Word format (.doc or .docx).

Assessment Criteria

Along with task instructions and questions, a comprehensive marking rubric/mark sheet is provided on Moodle.

The assignment is designed to assess the understanding of business finance theories and explores a number of areas within the course by applying the classroom learning to a real company. Through this project, the student needs to demonstrate critical and analytical skills in academic writing, various research synthesizing skills and be able to communicate clearly and effectively. This is a finance assignment for real business, so the combination of quantitative and qualitative analysis is the key.

IMPORTANT NOTE: the minimum standards include clear and correct explanations, using your own

words and adherence to APA referencing formats [see also the marking criteria for standards of 'Excellence']. Where copying and or pasting from other sources resulted in high percentage similarity, marks will be deducted. Serious cases are reported for academic misconduct.

3 ONLINE TEST

Assessment Type

Online Test

Task Description

This is a take-home online test. Students have 3 hours to complete and submit the test. Late submissions will not be marked. If students encounter problems in submitting the attempt to Moodle, they need to email it to the unit coordinator by the due time. This is an individual assessment. Collaboration with other students will result in an academic misconduct allegation for all students involved. This may result in a failure result for this assessment.

This unit is an accredited unit with CPA Australia and Chartered Accountants Australia and New Zealand (CAANZ). The online test may be invigilated, further information will be advised in Moodle.

Assessment Criteria

The examination assesses the students' knowledge and understanding of managerial finance theories/concepts. The examination also determines the students' ability to assess the importance of finance and risk, and allows the students to demonstrate their understanding of advance theoretical and practical knowledge relevant to corporate finance. Students demonstrate their comprehension of finance theories/concepts through the critical analysis of hypothetical business finance scenario problems and the use of basic financial mathematics to solve practical questions and deliver accurate outcomes.

The Assessment Criteria will include:

- Relevance to the questions.
- Accuracy of information/argument and calculations.
- Clarity of expression.
- Demonstrated links to corresponding readings.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
