GEOG12022 Geographic Information Systems

Term 1 - 2026

Profile information current as at 05/12/2025 02:11 pm

All details in this unit profile for GEOG12022 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Geographic Information Systems (GIS) power Earth and human interaction decisions far beyond what we see in internet maps and vehicle navigation devices. Because GIS is a business tool in many organisations, you will be exposed to and acquire practical skills in making electronic maps and analysing geographical data. You will explore mapping concepts, spatial analysis processes and mapping communication standards that are as important today as they were for Gerardus Mercator in the 16th century.

Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 1 - 2026

- Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Self-reflection

Feedback

Schedule a weekly tutorial to complement pre-recorded lectures and other materials provided on Moodle.

Recommendation

The scheduled weekly live tutorials should be continued, as students who attended sessions in Term 1 2025 found them to be highly beneficial.

Feedback from Self-reflection

Feedback

This unit requires the use of GIS software, and students need basic computer skills to succeed.

Recommendation

Students who lack computer skills or need to refresh their knowledge will be encouraged to seek assistance from CQUniversity's Academic Learning Centre (ALC).
