

GEOH11001 *Introduction to Human Geography*

Term 2 - 2018

Profile information current as at 26/04/2024 08:16 am

All details in this unit profile for GEOH11001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

The unit provides insights into geographic patterns associated with the Earth's societies and cultures and the human use of the Earth. Topics include: religious beliefs and practices, population characteristics and mobility, race and ethnicity, the geography of nutrition, health and disease, urban systems and rural land use patterns. Students will take a geographical approach and apply relevant concepts and theories to examine significant issues in the contemporary world.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Assessment Tasks

1 Map report

Assessment Type

Practical and Written Assessment

Task Description

The task of this assessment is to explore the importance of map in human geographic inquiry. It consists of two components: a map report and forum postings.

1. The map reports require you to find two different web sites from which you can access maps. Download one map from each of the websites, which relates to aspects of Human Geography. The scale of the area represented by each map should be different; for example, one map of a country and one map of a region (or one map of community or distribution of specific cultural groups). The maps can deal with the same or different themes. For each map, explain and evaluate what the map shows and determine how it contributes to your understanding of aspects of Human Geography. Your reports worth 20% of your grade and need to be submitted on time.
2. Forum postings require you to write on aspects of local geographies or current geographic issues during the term. You should post them in 'Connecting Forum' of the unit's Moodle site. These include 3 postings and at least 2 responses or comments on other fellow student's postings. Your postings can be any topic and in any format but they must be relevant to the learning of this subject (see connecting questions in the study guide). The postings worth 10% of your final mark.

Assessment Due Date

Week 7 Friday (31 Aug 2018) 11:35 am AEST

The map report is due Friday of week 7. Forum postings will be due Friday of week 12.

Return Date to Students

Week 9 Friday (14 Sept 2018)

The map reports will be marked and returned within two weeks or as soon as practicable after the due date.

Weighting

30%

Assessment Criteria

- Quality of maps chosen, including illustrations and appropriateness of mapping subjects;
- Interpretation of map elements (e.g. scales and legends) and mapping information, including applications of relevant human geographic concepts to answer questions of what, where and why;
- Competency of communications, including structure, English expression and citation.

2 Term Research Paper

Assessment Type

Written Assessment

Task Description

Write a term research paper to discuss and evaluate the geographical dimensions of one or a combination of two or more following topics: population, migration, race, religion, language, politics, land use, farming, urban and industrial space, inequalities in health, network societies, sustainability etc.

The paper should have a clear focus while the scale of which can range from the local to the national, regional or global. Detailed instructions, requirements and resources for completing this assessment are provided in the unit's Moodle site.

Assessment Due Date

Review/Exam Week Wednesday (10 Oct 2018) 11:35 pm AEST

Return Date to Students

Exam Week Friday (19 Oct 2018)

Research paper will be marked and returned through the unit's Moodle site.

Weighting

50%

Assessment Criteria

- Depth and breadth of research on selected topics;
- Evidence of applying geographical approaches to understanding of the topics, including use of maps and other visual and graphical data;
- Knowledge and skills demonstrated to identify and explain geographic patterns and/or spatial relations;
- Effective communications, including organisation, English expression and citation of the research paper;

3 Online Quizzes

Assessment Type

Online Quiz(zes)

Task Description

This assessment item consists of 12 weekly online quizzes. Each quiz has 10 multiple-choice questions. The questions are primarily based on learning materials of the week (textbooks, study guides and other unit resources). You need to select the best response.

Number of Quizzes

12

Frequency of Quizzes

Weekly

Assessment Due Date

Online quizzes are recommended to be complete weekly. Each quiz will be available from Monday of week 1; but cut off differently at certain weeks by the end of that week (at 11:30pm Rockhampton time, Sunday). For instance, quiz 1 will be cut-off at the weekend on week 4. Please note two quizzes will be switched off in week 8, 9 and 10 respectively.

Return Date to Students

Score of each quiz will be automatically counted as it submitted.

Weighting

20%

Assessment Criteria

Each question has one best answer only. The question will be automatically marked 'correct' if you chose the right answer. Scores are based on the number of correct answers only. There are no marks deducted for incorrect responses.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
