## General Information

### Overview

In this unit, you will have the opportunity to explore, evaluate and apply nursing theories and models that are currently used in the care of older people in different care settings – acute, community, and residential aged care. You will investigate societal perceptions of older people, ageing and the impact these perceptions may have on the older person. You will plan changes to enhance the organisational culture of your clinical setting to provide an environment that is conducive to meeting the clinical, social and psychological needs of the older person and their families.
