Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student emails

Feedback

Some students had difficulty copying the Mahara portfolio to file and submitting to Turn-it-in.

Recommendation

Explore an easier portfolio platform and replace Mahara.

Feedback from Student phone call and an email.

Feedback

Students liked that the units were open up at the start of semester so they could self manage their time.

Recommendation

Continue to open the units up at start of term.

Written Assessment

Australia has a universal health care system, which aims to provide accessible health care to all citizens. In this essay you will explore one area of the health care system. Some examples are listed below, however, you may select another area to explore.

- Diabetic health care
- Perinatal mental health care
- Coronary health care
- Chronic pain health care
- Osteoarthritic care
- One of your own choosing

A
A Analyse the impact of international and national policy, and health care reforms on either the historical roots of this health care area and/or more recent developments. This analysis should relate to all aspects of this area and include broad national and/or state structures and more localised areas such as management practices and customer health outcomes.
Explain how international and national policy has shaped and/or influenced the health care area you have selected . Describe the inter-relationship between health care reform in this area of health and its impact on management practices and customer health outcomes.

Presentation

The presentation is not marked, however will provide context to your written assessment. Create a You Tube clip describing the area of health you have identified in your written assessment and provide some information about the health care area, such as the significance of the health care area, the experiences of those who experience the health issue and ongoing issues in regard to health access. The You Tube clip should be no longer than 5 minutes in length.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
