

# HLTH12030 *Drugs in Society*

## Term 1 - 2020

Profile information current as at 05/05/2024 04:33 am

All details in this unit profile for HLTH12030 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

### General Information

#### Overview

Psychoactive drug use in our society challenges all of us. This unit analyses individual and societal attitudes to psychoactive drug use by exploring the history of its use, drug policy, public health responses and current media issues. It examines why people use psychoactive drugs and the harms associated with drug use in some people in some circumstances and what can be done to minimise that harm.

#### Details

Career Level: *Undergraduate*

Unit Level: *Level 2*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

#### Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

#### Offerings For Term 1 - 2020

- Online

#### Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

#### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### [Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### [Metropolitan Campuses](#)

### Assessment Overview

#### 1. **Written Assessment**

Weighting: 40%

#### 2. **Written Assessment**

Weighting: 60%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## CQUniversity Policies

**All University policies are available on the [CQUniversity Policy site](#).**

You may wish to view these policies:

## Assessment Tasks

### 1 Learning Portfolio 1

#### Assessment Type

Written Assessment

#### Task Description

Learning Portfolio 1 is designed for you to provide evidence of your learning in relation to Learning Outcome 1.

Task description: Complete a Learning Portfolio in TWO parts in relation to Learning Outcome 1.

Word count - 2000 - 2500

#### Part 1

Analyse societal attitudes to psychoactive drug use, exploring historical and/or political, and/or public health and/or media responses.

You may like to include any of the following types of evidence in your portfolio:

- A 2020 article from a newspaper, magazine or the internet;
- An advertisement for a recreational drug (you are most likely to find one advertising alcohol);
- A television program, movie or Youtube clip;
- An analysis of the influence of community attitudes on the development of legislation and policy in relation to drug use;
- An analysis of the history of recreational drug use and the impact of this on contemporary societal attitudes.

#### Part Two

Analyse your own individual attitudes to recreational drug use.

You may like to include any of the following types of evidence in your portfolio (NB: These are ideas to guide you and are not compulsory):

- Your own past history in relation to recreational drug use and a reflection on this history;
- A comparison of your own attitudes to drug use with societal attitudes and a reflection on why differences or similarities are present;
- A reflection on the changes (or lack of change) occurring as a result of undertaking study (either generally or specifically in this course);
- A reflection of a past interaction with a drug user or a situation involving drug use that had a significant impact on your attitudes to drug use.

#### NOTE

Examples of learning portfolios from previous years and a list of Frequently Asked Questions about portfolios will be available on Moodle to guide you in the preparation of this assessment.

#### Assessment Due Date

Week 6 Monday (20 Apr 2020) 11:45 pm AEST

#### Return Date to Students

Two weeks after submission.

#### Weighting

40%

#### Minimum mark or grade

Students must achieve a minimum of 50% for this assessment to be able to pass this unit or be eligible for a supplementary assessment.

#### Assessment Criteria

Students will be allocated marks based on the following criteria (further details on the Moodle site).

#### Structure (15%)

*Introduction*

*Conclusion*

*Presentation*

**Evidence of learning (65%)**

*Evidence of learning demonstrated through high-level analysis of content relating to learning outcome.*

*Evidence of learning demonstrated through relevant & discerning synthesis with literature & other appropriate evidence.*

*Evidence of learning demonstrated through high levels of understanding of contemporary drug use issues including ethical debates &/or legislation &/or harm*

*minimisation policies &/or societal attitudes.*

*Evidence of learning demonstrated through high levels of reflection on individual attitudes.*

**Referencing & integration of evidence (20%)**

*Evidence of research & appropriate integration of evidence demonstrated.*

## 2 Learning Portfolio 2

**Assessment Type**

Written Assessment

**Task Description**

**Learning Portfolio 2** - Word count 2500 - 3000 words

Provide evidence of your learning in relation to **Learning Outcomes 2 and 3**.

**Part One**

Examine why people use psychoactive drugs and identify the harms associated with drug use for some people in some circumstances.

To address this learning outcome you may wish to examine a particular group. Groups that you may find interesting to study could include one of the following:

- Injecting drug users
- Prisoners
- Women
- Teenagers
- Men
- Indigenous Australians
- Consumers with a mental illness
- The elderly
- Health professionals
- Amphetamine users
- Party drug users
- Gay and/or lesbian groups
- Truck drivers

(Note for the purpose of providing evidence, you will find it more effective to focus on ONE group only).

You may like to include any of the following in your submission:

- An analysis of the literature on your chosen group.
- An interview with a drug user from your chosen group (*if you choose to include this, please discuss suitability with the unit coordinator first*). You will need to compare your interviewee's responses with relevant literature.
- An interview with an agency that deals with your chosen group (you will need to compare your interviewee's responses with relevant literature)

## **Part Two**

Evaluate strategies to minimise the harm that may be associated with psychoactive drug use in a particular group.

You may like to undertake one of the following for your submission:

- Evaluation of a current harm minimisation strategy. Evaluate how closely the strategy meets the principles of harm minimisation and its effectiveness in preventing harm for your chosen group.
- A historical analysis of harm minimisation policies including an evaluation of the benefits of harm minimisation over this period of time and the challenges it has brought to the community.
- Evaluation of a current intervention strategy (e.g. methadone program). Evaluate how closely it meets the principles of harm minimisation and its effectiveness in preventing harm.
- Choose a treatment agency and explore their approaches. Evaluate how closely it meets the principles of harm minimisation and its effectiveness in preventing harm.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
