General Information

Overview

This unit provides you with advanced knowledge of the possible metabolic, biophysical and cognitive effects of ageing on the efficiency of the body systems of older people and the consequential impact of these decreased efficiencies on the older person's health. You will explore the phenomena that commonly impact the health integrity of older people – polypharmacy, infections and falls. You will apply the Registered nurse standards of practice to the person centred nursing care of the older person at risk of these phenomena.
