General Information

Overview

Organisations are facing a crisis in productivity and global business competition which is threatening their very existence in the market. Coupled with this challenge is the demand that organisations deliver an increased quality of work life to employees and comply with an intricate and complex set of laws, regulations and court decisions. This unit provides you with an introduction to human resource management (HRM), and to frameworks and models that explain the core functions of HRM such as planning, recruitment, development, reward and motivating employees. In this unit, you will examine how human resources functions, strategies, and practices help an organisation to perform efficiently and effectively, and assist organisations to achieve a sustained competitive advantage. You will also examine the role of HRM in diverse organisations and different cultural contexts to understand what constitutes ethical human resource management.

2 Written Assessment

Assessment Type

Written Assessment

Task Description

Length: 2000 words (excluding references and Appendix)

Weight: 30%

By reviewing the current literature of HRM, you are required to compile an Annotated Bibliography of recent five peer-reviewed journal articles. Hence, Assessment 2 will prepare you for Assessment 3 (Report).

The primary purpose of this assessment is to enhance students' research, analysis and referencing skills. The secondary purpose is to give students the opportunity to demonstrate their critical thinking and written communication skills. The third purpose is to demonstrate that you have commenced appropriate research for Assessment 3. Before starting this assessment, please read the assessment rubric at the end of this document. You should always check the unit website for specific instructions, which may be updated continuously.

Step 1. Read the Assessment 3 (report) task description. You can choose one of two sectors (e.g., Retail or Financial sector) in the Australian context.

Step 2. Undertake research of the recent academic literature since 2012. Identify four (4) academic peer-reviewed journal articles relevant to your chosen sector (e.g., retail or financial). These must be aligned to the unit themes from Weeks 1 to 12 (e.g., the evolution of HRM, the context of HRM, industrial relations or HR planning and work design challenges in a global environment). It is recommended that you undertake your research via the online 'search' of CQUniversity Library. You cannot use the article from your Assessment 1 presentation for Assessment 2.

Step 3. Write 500 words on each article (500 x 4 = 2000 words). For each journal article, write to the headings in the template. These include:

- Full reference
- Outline of research objective and research question
- Outline of the method
- Discussion of the findings
- Summary of the conclusions
- Indication of how this will be relevant for your Essay 3

Assessment Due Date

Week 6 Friday (21 Apr 2023) 11:45 pm AEST

Only MS Word document (doc and docx only). Other types are not acceptable. Documents that cannot go through Turnitin or cannot be opened will not be marked.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
