General Information

Overview

Strategic Human Resource Management seeks to ensure that HRM activity is clearly linked to business goals and that it is accountable for its services. This unit also intends to bridge theory and practice in HRM to create a vehicle for adding value to an organisation. The need for sustained competitive advantage has made the strategic management of HRM increasingly important for business success as it focuses on linking all HRM activities with an organisation's business objectives. Topics to be covered include linking strategy and HRM, managing HRM activity to meet business goals and managing people in both global and domestic business contexts. The unit also examines the role of the human resource management professional in the strategy development and implementation process. A range of concepts, theories and models which aim to integrate the various functional areas of human resource management with business strategy are examined. If you have successfully completed the unit HRMT20008 you should not enrol in this unit.

Assessment Criteria

Each test has 10 questions and each correct answer earns you 0.5 marks.

The test must be completed and the answer registered on the system within 20 minutes. Please time yourself carefully because going over time may result in a zero score.

While technological issues with these quizzes are rare, they can happen occasionally. Accordingly, please contact me if the test 'freezes', or doesn't record your answers. I will check to see what the system has recorded, and if warranted, I will reset the quiz for you so that you can attempt it again. Please note that running out of time and not submitting your answers before the time limit expires is not a valid reason for your quiz attempt to be reset. The system will register attempts that have exceeded the time limit.

It is impossible to reopen the quiz for you once the quiz has closed, so it's best to complete your attempt well before the cut-off time for the quiz. That way, if something genuinely does go wrong, I will be able to fix it for you. If you leave it until the Friday night, and there is an issue, I won't be able to reopen the quiz for you to attempt the quiz again.
