General Information

Overview

This unit is designed to provide you with knowledge of the fundamental principles of the law of Contract in Australia. Along with the law of Torts, this unit will provide you with a solid foundation in many of the civil law issues faced in legal practice. The unit first canvasses the theoretical underpinnings of contract law, before examining the principles of a valid and enforceable contract, including intention to create legal relations, capacity and consideration, including promissory estoppel. You will then investigate and reflect on the contents, construction and interpretation of a contract and the doctrine of privity. The unit then moves on to consider contracts with a vitiating element such as mistake, misrepresentation, duress, undue influence, unconscionable contracts, and illegal and void contracts. Finally the unit examines the ways in which a contract may be assigned, discharged, terminated, and the remedies available for non-performance of a contract. This unit meets the Legal Practitioners Admissions Board requirements for Contracts.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE T1/2023

Feedback

Over and beyond. What a superstar honestly, AJ is so passionate and caring. She truly strives for accountability and responsibility and leads by example. The content for me was just too much and overwhelming for a 1st year subject. There is just not enough built up capability to do this subject however I acknowledge it is needed to continue on further subjects. Thank you for your passionate enthusiastic engagements AJ.

Recommendation

The unit is very heavy content-wise and students are advised at the beginning and regularly throughout term that they need to ensure they set aside the full 12 hours per week required to do the readings and tutorial work in order to pass. However, to address the challenges of the unit, I offer a 2-hour tutorial every week, plus drop-in sessions every week, plus formative problem answering practice on Teams every week as well. Assignment coaching sessions are also offered, as well as the Peer Assisted Study Sessions (PASS) mentoring. Students have a significant level of pastoral care in the unit, and a strong learning community which is facilitated on Teams.

Feedback from SUTE T2/2022

Feedback

AJ sets the standard for other lecturers high and I hope they live up to the challenge. She's by far the most engaging, motivating, encouraging and supportive lecturer I've had and she makes me want to keep studying. She's been in our corner backing us the entire way and she's made accommodations for us when we needed it like additional lectures and one on one chats. She's an asset to CQU.

Recommendation

Maintain the strong teacher presence in this unit with supportive pastoral care, extra student coaching sessions, drop in sessions. Emphasise the challenging nature of the unit and encourage students to maintain regularly scheduled study sessions and to take advantage of the PASS mentoring.

Feedback from SUTE T1/2023

Feedback

I found that the information given especially the IRAC tips and other documents made the assessment really confusing.

Recommendation

The teaching of IRAC for all first year units is being reviewed with a view to a more consistent approach. The IRAC tips document will be revised and expanded.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Identify and discuss prerequisites and formal requirements for contracting, interpretation, performance and discharge of contracts, remedies for breach, and differentiate the various basic contract law theories.
2. Interpret contract law questions and dispute scenarios, implementing statute and case law to explain advice.
3. Interpret legal texts, databases, develop research strategies, locate appropriate legal authorities to discuss contract questions and problems.
4. Develop structured arguments to discuss and explain responses to contract problems, communicate effectively in writing.

This unit satisfies the Priestley 11 requirements for Contracts as approved by the Legal Practitioners Admissions Board.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
