General Information

Overview

This capstone unit provides you with a choice of a domestic placement, social innovation project, international study tour, or workplace simulation. Placement opportunities available during Terms 1 and 2 are domestic placements, social innovation projects, and workplace simulations. Domestic placements will be facilitated by the Unit Coordinator and Work-Integrated Learning (WIL) team, or you may instead submit a placement that you have identified for approval. Social innovation projects will enable you to engage with pressing social issues and contribute to real-world outcomes. The workplace simulation will support the development of your practical legal skills (including advocacy, drafting, client interviewing, negotiating, file management, and problem solving) in the context of a simulated legal workplace. The content of the simulation may vary annually. In Term 3, the only placement option available is an international study tour, facilitated by CQUGlobal, to an international location in conjunction with an external partner organisation. International study tours will require you to pay for travel and accommodation; these costs may be offset by government scholarships such as the New Colombo plan. Prior to and during your placement, you will study cultural competencies, ethical responsibilities, and practical skills necessary to support your placement work. This capstone unit will enable you to apply your knowledge to legal problems in real-life environments. You will undertake legal and academic analysis, integrate reflecting thinking into your work, and present your ideas orally and in writing.
