Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from student evaluation

Feedback

Textbook unnecessary

Recommendation

Students indicated that learning outcomes for the unit may be achieved without purchasing textbook. It is recommended that in the next offering, consideration be given as to whether a textbook is actually required, or whether a reading list could be developed using online and other similar resources.

Feedback from student evaluation

Feedback

Study guides too brief

Recommendation

Students indicated that the learning guides were still too brief. In next offering, study guides should be expanded to include additional information to the text book. They will also be updated to reflect recent legislative changes.

Feedback from student evaluation

Feedback

Low participation in Zoom sessions

The number of students that attended the live weekly Zoom session was rather low. Consideration could be given to running more than one live Zoom session each week to give more students a chance to attend. These sessions should continue to be recorded.

Task Description

Bloggs was born and educated in Australia and works as a carpenter. Bloggs recently married a person from Italy, who is in Queensland on a student visa completing a Masters degree at an Australian University. The student (now married to Bloggs) originally arrived in Brisbane on 1 May 2019. Bloggs has now been asked to consider working overseas for 18 months in the UAE office of his employer Australian company. Bloggs' new role will include travel overseas from the UAE to Europe and Asia, as well as Australia at least quarterly. Under the arrangement Bloggs will be employed by the Hong Kong office of his Australian employer company and his salary will be paid part into his UAE bank account and part into his Australian bank account. The contract for Bloggs' new position in the UAE was signed in Brisbane. His spouse, on completion of the Masters degree in Australia, has been offered a job with a large consultancy firm in Brisbane, which will commence in June 2021. Bloggs is currently renting a house in a Brisbane suburb with his spouse and will be giving up that lease. Bloggs also owns a car which will be left for a cousin to drive and maintain in Brisbane. The only other assets Bloggs has are superannuation from the employer and also employee shares. Bloggs has an Australian bank account into which his pay is credited. Whilst in the UAE, Bloggs will be given rental accommodation by the employer and will open a

bank account in the UAE to receive the pay, be a member of various expatriate and social organisations and will join a class to learn the Arabic language. Bloggs' spouse however will be unable to work in Dubai so intends to return to Italy and work there and visit Bloggs every 6 weeks in Dubai. Both Bloggs and the spouse leave on 24 April 2020 for the UAE.

REQUIRED

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
