General Information

Overview

Unlike prior units which focus on law as it is - 'black-letter' law - this capstone unit considers more theoretical, analytical, doctrinal and philosophical aspects of the entire law enterprise - a specialised societal subsystem. This unit canvasses several philosophical doctrines including: natural law, legal positivism, sociological context of law and economic analyses of the law. These and related topics are explored in this unit to enable you to integrate legal knowledge into the broad inter-disciplinary mainstream and equip you with enhanced practical legal reasoning skills.
