General Information

Overview
LAWS13017 Civil procedure explores the issues of cost, delay and access to justice as critical issues in modern case management. In this unit you will examine in detail the following issues in civil litigation: court adjudication under an adversary system; the cost of litigation and the use of costs to control litigation; service of originating process - as foundation of jurisdiction, including service out of the relevant State or Territory and choice of forum; joinder of claims and parties, including group proceedings and the defence of prior adjudication as instances of the public interest in avoiding a multiplicity of proceedings and inconsistent verdicts; defining the questions for trial - pleadings, notices to admit and other devices; obtaining evidence - discovery of documents, interrogatories, subpoena and other devices; disposition without trial, including the compromise of litigation; extra-judicial determination of issues arising in the course of litigation; judgment; appeal; enforcement; alternative dispute resolution; and obligations of parties and practitioners relating to the resolution of disputes. This unit meets the LPAB requirements for civil dispute resolution.

Previous Student Feedback

Feedback, Recommendations and Responses
Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Moodle site.

Feedback
The second major assessment should be a practical assessment removing the flexibility previously afforded enabling students to choose their topic or work experience.

Recommendation
The second major assessment will be restructured as an authentic practical learning activity undertaken by all students. The choice of assessment option will be removed. Care will be taken to ensure the simulation is very narrow in an attempt to limit the amount of time students will need to devote to the task.

Feedback from SUTE

Feedback
Sound level of audio recordings need to be higher.

Recommendation
Sound levels of all audio will be checked prior to upload.
