General Information

Overview

In this unit you will study the principles governing the resolution of disputes involving elements or facts tied to more than one jurisdiction (including both interstate or international). The unit has three main themes: jurisdiction, choice of law, and enforcement. Jurisdiction involves the power of a court to hear a cross-border dispute and orders designed to reduce 'forum shopping'. Choice of law concerns the principles by which a court will apply the law of another country or state. Enforcement focuses on the enforcement and recognition of international and interstate judgments and orders. This is an essential unit if you are considering a career in civil or commercial law as advancements in technology and globalisation have significantly broadened this area of legal practice.
