LMED29006 *Haematopathology 2*

Term 2 - 2027

Profile information current as at 07/09/2026 10:05 pm

All details in this unit profile for LMED29006 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

On completion of this unit, you will be able to evaluate the evidence base for haematological tests and provide advice on the diagnosis and monitoring of disease. By analysing complex cases, you will use problem solving and decision-making skills to critically evaluate treatment and management protocols.

Details

Career Level: *Postgraduate*

Unit Level: *Level 9*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Prerequisite LMED28002 Haematopathology 1

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2027

- Melbourne
- Online
- Rockhampton
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Information for Class and Assessment Overview has not been released yet.
This information will be available on Monday 17 May 2027

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE

Feedback

The content was engaging, the lecturer was supportive, and the case studies helped connect theory to real lab practice.

Recommendation

Continue to provide Case study analysis to connect theory with current industry perspectives.

Feedback from Students' direct feedback

Feedback

Enjoyed the range of industry experts involved in the unit.

Recommendation

Continue to provide up to date and current learning which simulates current industry practice. Industry experts will continue to connect students with laboratory practice.

Feedback from Students' direct feedback

Feedback

Provide more guidance each week on the important aspects of each week and how to enhance study techniques

Recommendation

Provide weekly overview of the important topics from each week.
