

LOGS12001 *Improve Logistics Performance*

Term 1 - 2019

Profile information current as at 11/05/2024 12:32 am

All details in this unit profile for LOGS12001 have been officially approved by CQUUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

The unit follows from the foundation laid in the first year units to develop an applied framework on how effective management of staff can improve the performance of the Logistics function of an organisation. Building on the frontline people-related skills developed in first year, this unit takes a more tactical approach and considers the various approaches to management of human resources in Logistical contexts.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

Assessment Tasks

1 Group Work

Assessment Type

Group Discussion

Task Description

Participants will be required to post a 150 word topic discussion for each of the questions addressed in the News Forum as well as write an approximately 150 word commentary on posts by your colleagues.

Students will need to make at least four posts in the news forum weeks 1 to 6 (two self-generated posts plus two posts on colleagues' forums). These comments should be based on weekly readings and webinars. This assessment is to be submitted in Week 7 as a portfolio. The total word count for the piece is 600 words (+/- 10%).

2 Academic Essay

Assessment Type

Written Assessment

Task Description

Assessment task 2 requires the writing of an academic essay. This essay should be an 'argumentative essay', and must therefore contain an argument that is used as the structuring element of the paper. Students will be given a short case study that describes a manufacturing organisation that is going through a process of growth and change. The purpose of the essay is to identify the logistics problems within the case, and to identify root causes of the problems that are evident. Students are expected to engage in extensive research within the academic literature relating to identifying problems in logistics management. Recall, it is a problem-centered exercise rather than a solution-focused task. The word count limit for this report is 1500.

Assessment Due Date

3 Business Report

Assessment Type

Written Assessment

Task Description

Assessment task 3 requires the writing of a business report. The report should be designed as a management document that can be used to implement recommended changes. It should include a comprehensive analysis of the current situation using logistics management theory, models and frameworks including a root cause analysis. The report should also contain recommendations and an implementation plan. Students are expected to engage in extensive research within the academic literature relating to best practice and continuous quality improvement in logistics management. Some research into the industry in question might also help students develop a more robust understanding of the information in the case. The total word count for the piece is 2,500 words (+/- 10%).

Assessment Due Date

Week 12 Thursday (6 June 2019) 3:00 pm AEST

Return Date to Students

Exam Week Thursday (20 June 2019)

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
