MATH11246 *Essentials of Applied Mathematics*

Term 2 - 2024

Profile information current as at 10/05/2024 04:42 am

All details in this unit profile for MATH11246 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will apply essential mathematical concepts, processes and techniques to develop mathematical descriptions and models for problems in science, engineering, business, and other disciplines. You will learn and apply the properties of linear, quadratic, exponential, and logarithmic rules in appropriate settings and use trigonometric rules to solve relevant problems. You will also practice effective communication of results, concepts, and ideas using mathematics as a language in a way that demonstrates a clear, logical, and precise approach.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit evaluation

Feedback

The edited recordings provided helpful support for flexible learning

Recommendation

Continue to offer a positively supported learning experience

Feedback from Unit evaluation

Feedback

Frequent technical difficulties in the teaching room interrupted weekly lectures for both the teacher and students

Recommendation

Will keep requesting the IT team provide better IT support for teaching and learning
