General Information

Overview

Fundamental Mathematics for University introduces foundational concepts, rules and methods of elementary mathematics. You will complete regular module reviews and use the feedback to develop a unified body of knowledge in the fundamentals of mathematics. Topics include operations, percentages, introductory algebra, simple equation solving, exponents, linear equations, introductory statistics, and units and conversions. This provides a foundation for further study in mathematics and a broad range of other academic disciplines.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit Evaluation

Feedback

Positive student comments regarding the content and structure of the Moodle site and the ease with which this site can be navigated.

Recommendation

The Moodle site has been changed to a "Tiles" view with the layout of the weekly blocks changing to a tabulated format in line with university policy. This has improved readability and decreased scrolling for students.

Feedback from Unit Evaluation

Feedback

Students highly value the variety of resources available to them on the Moodle site, especially the instructional videos either via Youtube or ECHO.

Recommendation

The FMU instructional video resources and the textbook will continued to be upgraded as required.

Feedback from Unit Evaluation

Feedback

Comments from students who cannot attend the Zoom lectures due to other commitments.

Recommendation

Zoom lectures will be recorded and made available to students via the Moodle site.
