MEDI12004 Medical Imaging Clinical Placement 1

Term 2 - 2024

Profile information current as at 10/05/2024 02:54 pm

All details in this unit profile for MEDI12004 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

During this work integrated learning placement you will apply the knowledge and skills previously developed in the pre-clinical simulation environment. Placed within radiology departments or clinics, you will work under the guidance and mentorship of clinical radiographers to perform radiography in a professional and effective manner and become a useful member of the imaging team. As this is your first block placement, your performance focus will be on general radiography examinations of non-complex patients. You will undergo performance assessments on imaging examinations previously learned in the academic environment. You will also be assessed on your professional behaviours and attributes. Reflective practice will assist you in developing your skills throughout this unit.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback and unit coordinator reflection.

Feedback

The adaptation of small groups for the post-clinical debrief sessions better supported student attendance, interaction and sharing of experiences.

Recommendation

Continue with the provision and timetabling of post-clinical debrief sessions in small groups.

Feedback from Unit coordinator reflection.

Feedback

The provision of a combination of audio and written News forum postings may improve student satisfaction.

Recommendation

Consider incorporating both written and audio format News forum postings in future iterations of the unit where applicable.
