# MEDI13005 Medical Imaging Clinical Placement 3

## Term 2 - 2022

Profile information current as at 18/05/2022 07:09 am

All details in this unit profile for MEDI13005 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

## General Information

### Overview

During this clinical unit you will apply and expand on knowledge and skills previously learned both on campus and during your previous placements. You will further develop your clinical skills in general radiography to include adaptation to a range of patient types and imaging environments. You will develop clinical skills in computed tomography and theatre fluoroscopy. You will further develop your decision-making skills and use your knowledge of image evaluation to assess images from a wide range of procedures for technical sufficiency. You will use reflective practice to assist in your development as an imaging professional. At all times you will work within the profession's Code of Conduct and your scope of practice.

### Pre-requisites or Co-requisites

Pre-requisites: MEDI13001 Science and Instrumentation 3, and MEDI13002 Imaging Procedures 3, which must have been successfully completed within the last twelve months. If this twelve month period has been exceeded, the student must undergo a formal refresher of technical and professional skills. MEDI13004 Medical Imaging Clinical Course 2 and Co-Requisites: MEDI13006 Imaging Procedures 4. If the student has completed MEDI13006 more than twelve months prior to commencing MEDI13005, the student must undergo a formal refresher of technical and professional skills.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

### Offerings For Term 2 - 2022

- Mixed Mode

### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Student evaluation feedback and Team reflection

**Feedback**

Some students found the number of reflective assessment items for this clinical placement unit were in excess with consideration to the number of assessment items in total for the unit.

**Recommendation**

Review the number and type of reflection assessment tasks across the suite of clinical placement units within the course.

#### Feedback from Unit Coordinator reflection

**Feedback**

The student's self-assessment of their Global Assessment of Professional Attributes (GAPA) is a good formative assessment tool for identifying the gaps in student awareness of their performance in the workplace in comparison to the feedback provided by the site supervisor.

**Recommendation**

Maintain the use of the GAPA and the self-assessment GAPA at monthly intervals during clinical placement to enhance students' success by gauging the perceptions of their own performance relative to their supervisor's assessment of their holistic performance.

## Unit Learning Outcomes

**On successful completion of this unit, you will be able to:**

1. Behave in a professional manner, adhering to the profession's Code of Conduct and working within your scope of practice as appropriate to a third year student
2. Reflect on your practice on an ongoing basis to integrate new learning and experiences
3. Critique images across a wide range of procedure types for technical sufficiency and formulation of image improvement strategies where indicated
4. Demonstrate a comprehensive knowledge of radiographic, fluoroscopic and computed tomography equipment, in keeping with your level of training and experience
5. Perform all general radiographic examinations on non-complex patient presentations with minimal assistance and on complex patient presentations with moderate assistance
6. Perform advanced radiographic examinations, fluoroscopic and computed tomography examinations with moderate assistance.
