MEDS13008 Vascular Sonography

Term 3 - 2026

Profile information current as at 05/12/2025 01:27 pm

All details in this unit profile for MEDS13008 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will introduce you to vascular ultrasound. In this unit you will explore the sonographic assessment of normal and pathological vascular cases. You will apply knowledge of vascular anatomy and physiology, and the physical properties of Doppler ultrasound to clinical scenarios and case studies to critically reflect on sonographic problems. Engaging in this sonographic decision-making process will culminate in the creation of sonographer's interpretive reports, including a provisional diagnosis.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback, UC observation

Feedback

The oral examination was a good way for students to demonstrate an understanding of their answers in the written component.

Recommendation

The oral examination will be continued in future deliveries of this unit.

Feedback from Student feedback, UC observation

Feedback

Booking in for oral examination times after hours was difficult for students on clinical placement in the second half of term.

Recommendation

Booking schedules will be extended to include more after hours options for students on clinical placement.

Feedback from Student feedback

Feedback

Some students thought the content in the quizzes was very different to interactive tutorial content discussed.

Recommendation

Quiz questions and tutorial content will be reviewed.
