You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Have Your Say

Feedback

"I would of liked a student forum for us to post questions and discussions online"

Recommendation

Student familiarity with what is provided in Moodle is not uniformly understood. Improve awareness by increasing mention of what is available in Moodle during the (recorded) workshops.

Feedback from Have Your Say

Feedback

"The links on e-reading seemed to work slow in downloading, whether they could have been added to the moodle main site page for ease of access."

Recommendation

In line with SBL policy, readings previously uploaded to each week in Moodle have been moved to the eReading List. This can slow down the updating of reading list due to librarian checking processes. Speed of access to material on the eReading list can be impacted by servers located outside the CQU ecosystem.

Feedback from Have Your Say

Feedback

"I found that it was a bit difficult to find all relevant weekly information due to it being spread across multiple Moodle unit tabs."

Recommendation

All lecture PPT and Workshop materials, and recorded sessions are provided in the relevant weekly tab in Moodle. The separate location of reading materials on the eReading list does require students to also check the relevant weekly tab in that system. Familiarity and confidence with Moodle will overcome this concern.

Feedback from Have Your Say

Feedback

"There was so much reading sources given for each week of the unit, it was a little unnerving as to how much I should of been reading."

Recommendation

Materials in the eReading list were flagged with a variety of guidance notes indicating whether the materials were 'Essential' through to 'Recommended' and 'Workshop Question'. Continue this practice. It is also recommended to reduce the amount of posted reading materials and this has been done for T2 that follows. Students should then be encouraged to search for additional materials through the CQU Library databases.

Feedback from Have Your Say

Feedback

"The deadlines of 5pm for assignments don't really help full time workers. In the previous 3 units I had 23:00 deadlines, which helped in finalising the assessments without rushing."

Recommendation

Consistent deadline submission times across all units would likely benefit students. A later submission time to 23:00 hours delays marker access but this may not be a major concern.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

2 Managerial Perspectives Essay

Assessment Type

Written Assessment

Task Description

In line with the unit learning outcomes 3 and 4, this 1500-word essay (following academic format), requires you to critically assess the consequential impacts of entrepreneurship, innovation and sustainability (EIS) on business strategy and the managerial skill requirements for leveraging emerging EIS opportunities. Accordingly, critically discuss the following statement using relevant examples:

"To become a viable reality, adoption of a circular economy strategy by business will rely on entrepreneurial mindsets and practical innovation."

To support your argument, your critical analysis should use research from peer-reviewed academic journals, incorporating different perspectives on the statement, and identifying both positive and limiting factors. Your critical discussion must express an informed argument and draw compelling conclusions.

Before you start writing, it is recommended that you read the material uploaded to eReading List on critical thinking (Week 1) and the student Guide which elaborates how to write an academic essay. It may also be helpful to read the example essay that has been uploaded as a resource in Moodle.

Assignment re-attempt. This assessment allows for a resubmitted attempt in certain circumstances. If you have achieved between 40–49% of the total marks for this assessment item, you may request the Unit Coordinator for this unit to allow you to make a resubmission. You must make this request in writing via email within three calendar days of receiving your marks and feedback for this assessment.

The Unit Coordinator has the sole discretion for allowing a re-submission attempt. If the Unit Coordinator allows a resubmission attempt, the decision will be conveyed to you in writing via email to your student email address. The notice will include instructions for you on:

- What has to be done by you
- When and how you must resubmit (no more than seven calendar days from the decision being emailed to you will be allowed).

Your resubmission will result in no more than 50% of the allowed marks for this assessment item being awarded in total. That is, if you are allowed a resubmission, you can achieve no more than 50% for this assessment item, regardless of how well you perform in your resubmission.

No extensions will be allowed for your resubmission.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
