MGMT19105 Quality Management

Term 2 - 2024

Profile information current as at 19/05/2024 12:45 pm

All details in this unit profile for MGMT19105 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit provides an overview of all quality dimensions and elements in regard to the production of goods and services. It focuses on the theories of quality management and principles of total quality management in a practical, real-world setting. This unit discusses the importance of global perspectives of competition, customer satisfaction, ethics and corporate social responsibility, organisational culture, employee empowerment and teams in relation to quality management and total quality systems. Selected quality tools and techniques for planning, controlling and improving quality, such as statistical process control, are addressed. Quality standards and ISO9000, as well as the implementation of total quality systems and continual improvement approaches, are discussed. This unit allows students to focus on an organisation, industry, or sector of their choice from a selected list of options for all assessments.

Details

Career Level: *Undergraduate*

Unit Level: *Level 2*

Credit Points: 6

Student Contribution Band: 10

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Prerequisite: Minimum of 24 credit points.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2024

- Brisbane
- Melbourne
- Online
- Rockhampton
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit Coordinator.

Feedback

Assessment update.

Recommendation

Assessment items will be revised and updated where necessary.

Feedback from Students and Moodle data.

Feedback

Comprehensive and timely marking feedback has been consistently provided. However, in the latest unit delivery, only between 18% (A3) and 35% (A2) of students found and read the comprehensive and constructive marking feedback provided. Thus, students need to find and read it.

Recommendation

The unit website will provide a video about the importance of finding and reading assessment marking feedback.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain the importance of quality management to organisations in a global context.
2. Discuss the principles and philosophy of quality management and total quality management.
3. Apply quality management tools and techniques.
4. Analyse the need for technical quality deployment (tools and techniques) and quality competence development (people) within organisations.
5. Critically assess quality attributes of goods, services and processes.
6. Design and appraise quality management programs.

Not applicable.
