

MGMT20131 *Leadership and Integrity*

Term 2 - 2023

Profile information current as at 05/05/2024 09:13 pm

All details in this unit profile for MGMT20131 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Leadership and integrity extensively explores issues about how leadership practices facilitate organisational effectiveness. Understanding, analysing and applying the nature and effective practice of leadership are important for organisations to pursue sustainable development in the changing environment. In this unit you will examine a variety of traditional and more contemporary approaches to leadership, their effect on followers and when and how they should be applied. You will also consider leadership in a cross-cultural context and how different leadership styles are more accepted, or less tolerated, in different cultures. This unit builds on aspects of the emotional intelligence model that was introduced in the MBA commencement unit, MGMT 20129. You will identify the key competencies required of leaders to effectively influence followers whilst demonstrating a high degree of integrity. Using advanced reflective practice as the basis for personal development, you will be required to research, reflect on and acquire the conceptual knowledge, behavioural skills and attitudinal components of specific leadership competencies including: power and influence, self-confidence, and visibility and credibility.

Pre-requisites or Co-requisites

Students enrolled in CL20 (Master of Business Administration), CC52 (Graduate Diploma in Business Administration), CL21 (Master of Business Management), and CM35 (Graduate Diploma of Leading Organisational Change) can enrol in this unit. Students in other Masters courses who have greater than three years relevant work or professional experience, i.e. they meet the entry criteria to CL15 and CL20 may also enrol, subject to verification of meeting this criteria.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

- Melbourne
- Online
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Residential Schools

This unit has a Optional Residential School for distance mode students and the details are:

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Teaching team; informal student feedback

Feedback

Guest speakers: Two external guests were invited to the workshops. They present on the given topic particularly in relation to their industry experience then answered 5-6 questions. This was very well received by students.

Recommendation

Continue to include guest speakers in this unit.

Feedback from Teaching team; informal student feedback

Feedback

Student guest speaker: In Week 12, two students who held management roles presented a case study on their experience in managing a crisis. This was followed by an open Q&A sessions where all students asked the presenters questions. All students studying this Unit were on-line. There was excellent student attendance and participation.

Recommendation

Continue to include students (with work experience) as guest speakers.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Analyse and critically reflect on the contribution made by leaders in different organisational settings
2. Develop an advanced and integrated understanding of the different approaches to leadership and integrity behaviours and the impact on followers
3. Develop, through independent research, an advanced and integrated understanding of the competencies and their conceptual, behavioural and attitudinal foundations, that underpin successful leadership development and integrity
4. Critically assess the leadership challenges and tasks at different levels of the organisation that contribute to effectiveness
5. Analyse critically and reflect on cultural differences in leadership and the implication for followers.

Assessment Tasks

1 Assessment 2 - Conceptual Review of Leadership Competencies

Assessment Type

Literature Review or Systematic Review

Task Description

The written assignment is an exploration of "Leadership competencies" examined in this unit. Students should select ONE competency that they wish to develop based on self analysis and reflection, which they believe will enhance their ability to effectively lead others.

1. Power and Influence
2. Visibility/Credibility
3. Positive Outlook

It is important to note that the exploration is not just a review of the topic. Rather students need to identify the conceptual, behavioural and attitudinal aspects that typify leaders who have developed this competency. The key authors associated with the input based competency movement such as Goleman, McKee, Hielregal, Salovey and Mayer, Boyatzis etc., **describe the behaviours that managers who have developed this competency exhibit.** This is an important aspect of the report.

Students must summarise the conceptual knowledge associated with the competency, AND identify the specific behaviours that leaders with this competency exhibit. Furthermore, students need to identify two recent articles that presents evidence that their chosen competency leads to superior performance. This information then becomes the analytical frame that is the basis for the reflective assignment and action plan.

This section should be between 1800-2000 words in length and cite a minimum of 12 quality academic sources.

Assessment Due Date

Week 9 Friday (15 Sept 2023) 6:00 pm AEST

Students are to submit their work via the Moodle site. Please note that late submission incurs a penalty of 5% per day.

Return Date to Students

Week 11 Friday (29 Sept 2023)

Feedback will be provided via Feedback Studio.

Weighting

40%

Assessment Criteria

1. Clear definition and overview of the chosen leadership competencies, using the key authors such as Goleman, Boyatzis, Pedler, etc (20%)
2. A concise summary of the conceptual knowledge of the chosen competencies (20%)
3. A discussion of the behaviours exhibited by leaders who have developed these competencies (30%)
4. Identification of at least two (2) sources of evidence that leaders with these competencies are more effective or demonstrate superior performance (20%)
5. Breadth and quality of research, using a minimum of 12 academic sources and correctly using AP in text referencing (10%)

As Masters students you are required to engage in research as per the Australia Quality Framework (AQF) guidelines.

Two specific requirements need to be considered:

1. Students need to demonstrate "a body of knowledge that includes the understanding of recent developments in a discipline and/or area of professional practice", and
2. Students must demonstrate "knowledge of research principles and methods applicable to a field of work and/or learning".

Each topic in this unit has a number of required weekly readings in terms of academic texts, journals and business publications that represent the appropriate body of knowledge and recent developments referred to by the AQF. In order to demonstrate the ability to engage in appropriate research, students should read and utilise these texts and journals and publications, and as Masters students, indicate a willingness to research beyond this minimum standard through additional texts, journals and studies that demonstrate an ability to engage in independent research.

A detailed rubric and audio file is available in the Assessment Folder of the Unit Moodle Site provides further information regarding this assessment.

2 Assessment 3 - Reflective Practice and Action Plan

Assessment Type

Reflective Practice Assignment

Task Description

The purpose of the assignment is to increase the student's self-awareness by analysing and reflecting on their level of leadership capability. There are several analytical components to this assignment that include self analysis reflection and the development of a personal developmental plan.

Students must describe a recent work related incident that involved the specific leadership competency identified in assignment two. Students should endeavour to describe specific behaviours, actions, statements and attitudes they displayed in the incident.

Using the conceptual and behavioural framework of the selected competency described in assignment two, students are to identify the extent to which they demonstrated knowledge of the leadership competency via their actions, and the extent to which they demonstrated the behavioural characteristics of leaders who have developed this competency. Students are then to undertake a minimum of five (5) diagnostic tools, two (2) of which may be general personality type tools including the MBTI, Big 5 or Leadership profile, and three (3) tools directly assessing the chosen competency. (Please note students are to choose a different general tool to that used in MGMT20129)

Students are to identify the actual results of the tests and discuss what they mean regarding their preferences. This information is to be used as a reflection to ascertain the key knowledge or behavioural gaps from the incident described. Students must identify a minimum of two learning needs from this behavioural and conceptual analysis. The last requirement of this assignment is the mapping of a personal development plan. This must include a minimum of five specific activities designed to address the conceptual and behavioural knowledge required to enhance the selected competency. These may include identified readings from recognised texts or academic journals, attendance at specific workshops or training sessions organised by third parties including institutes such as the Australian institute of management, the institute of managers and leaders or local TAFE or VET colleges, electives at CQU relevant to the competency, mentoring activities and or journaling. These activities must include a brief outline of timelines and how the activity will address either conceptual or behavioural development. This section should be between 1500-2000 words in length and cite a minimum of 12 quality academic sources. critical leadership competency that they believe will enhance their ability to effectively lead others. Please note these are the minimum requirements for this assignment. Students who only submit the minimum should not expect more than a minimum grade. To assist students indicative rubrics and audio files for the assignment are available on the Moodle site

3 Assessment 1 - Group Presentation and Executive Summary

Assessment Type

Presentation

Task Description

Format: Professional Presentation and Executive Summary.

Length: 15-20 minutes each

Weight : 30 marks in total

Due date: 26/08/2022 at 6.00 p.m.

Students are to prepare a presentation addressing specific aspects of leadership practice. Students must upload to the Moodle site by the due date the PowerPoint slides and an Executive Summary on the aspects of leadership practices addressed in the presentation. The Executive Summary should be approximately 1000 words excluding the cover sheet and reference list.

Students will be allocated into groups during the introductory session. The size and composition of groups will be determined by the class facilitator and will normally not be negotiable.

Task: The facilitator will nominate a specific task or analysis. The presentation will provide an opportunity for groups to examine leadership practice using accepted leadership models and perspectives and assess the impact on followers. This is a pass-fail activity and students must be in a group; students cannot undertake this task individually. A individual mark will be allocated to each student for the presentation, a group mark will be allocated for the Executive Summary. Late submissions will incur a penalty of 5% per day after the due date.

Assessment Due Date

Week 6 Friday (25 Aug 2023) 6:00 pm AEST

Students will present their findings in class. Reports and ppts to be uploaded to the Moodle site.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
