General Information

Overview

Think Big is a unit about generating, developing, and evaluating ideas for the introduction of innovative and viable new ventures. Think Big entails a process of discovery designed to develop creation of dynamic and impactful enterprises. You will learn about innovative business concepts and the design of performance-differentiating business models. The unit will assist you to generate new marketable ideas and develop skills in innovative thinking, and market assessment in digital, commercial, service and social contexts. This unit will also introduce you to the concept of ideation and horizon thinking, and explore how creative and innovative ideas are generated through teamwork and by brainstorming or workshopping ideas. You will be able to apply the principles of lean entrepreneurship and appreciate what is involved when starting a business or a social enterprise, as well as how to pitch business ideas to potential investors as part of an entrepreneurial team. The unit has a strong practice and market disruption focus.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Have your say

Feedback

I learned so many things in this unit which is very useful in the real world.

Recommendation

A student centered and work-applied learning and teaching pedagogy furnishes the students skills and knowledge essential to solve real-world problems. Such teaching approach needs to be continued with more passion and enthusiasm.

Feedback from Have your say

Feedback

The lecture content and the workshop activities were amazing. It helped us get a better idea of how the world works. Our innovation capabilities became better and I could see the bigger picture using the knowledge I grasped from each lecture and workshop. The information in the ppt slides does really help us think big and out of the box and the assessment tasks were perfect to get the whole idea. Enjoyed this unit a lot and it was a necessary unit too.

Recommendation

The materials on lecture and workshop need to be continually updated to reflect the latest evidence and most effective practices. The PowerPoint slides need to be revisited.

Feedback from Have your say

Feedback

The unit possesses a lot of material to learn and think big in the business you wish to do. Showed us some important concepts of business i.e., feasibility analysis, critical risk assessment, interrelationships of business model canvas. And the teaching staff is very supportive in learning these concepts.

Recommendation

The emphasis on portfolio careers reinforces the value of identifying opportunities that might be worth commercialising in the future.

Feedback from Have your say

Feedback

This is a very good unit and I would recommended to anyone who is interested in starting a new business venture.

Recommendation

This comment indicates that the unit is achieving learning objectives and and helping improve graduate qualities. As such, application of research and scholarship with profound real-world examples should be continued.
