## General Information

### Overview

Think Big is a unit about generating, developing, and evaluating ideas for the introduction of innovative and viable new ventures. Think Big entails a process of discovery designed to develop creation of dynamic and impactful enterprises. You will learn about innovative business concepts and the design of performance-differentiating business models. The unit will assist you to generate new marketable ideas and develop skills in innovative thinking, and market assessment in digital, commercial, service and social contexts. This unit will also introduce you to the concept of ideation and horizon thinking, and explore how creative and innovative ideas are generated through teamwork and by brainstorming or workshopping ideas. You will be able to apply the principles of lean entrepreneurship and appreciate what is involved when starting a business or a social enterprise, as well as how to pitch business ideas to potential investors as part of an entrepreneurial team. The unit has a strong practice and market disruption focus.

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Have your say

##### **Feedback**

This unit is quite amazing. I have learned great skills and knowledge from this unit with good group discussions during sessions. Moreover, I like the way of discussing the current scenarios.

##### **Recommendation**

Each student should actively contribute to the group discussion. The discussion questions should be contemporary allowing students to link theoretical concepts with real-world industry problems and develop new solutions through brainstorming in the group. This will enrich students' contemporary knowledge and teamwork skills. Continuing this approach is recommended to achieve the unit's learning outcomes.

#### Feedback from Have your say

##### **Feedback**

Making videos on further explanations of assessments was very helpful.

##### **Recommendation**

Video recording on each assessment item helps students get clarification on the assessment task and key criteria. Continuing this approach is recommended to increase student success rates in this unit.

## Unit Learning Outcomes

### **On successful completion of this unit, you will be able to:**

1. Develop, through independent research, an advanced and integrated understanding of the key concepts of innovation, business models, and new ventures in commercial, digital, service, and social contexts
2. Critically analyse cases of disruptive innovation by applying lean entrepreneurship principles
3. Generate, evaluate and communicate creative ideas for new ventures, both as independent learners in teams and as leaders of teams, to a variety of audiences
4. Research and apply established theories related to ideation processes, business model design principles, and forecasting
5. Critically discuss and reflect on the technical, financial, and organisational constraints for innovative new ventures.
