Assessment Tasks

1 Management and Business Context Essay

Assessment Type

Essay

Task Description

Objective

A business organisation is an individual or group of people that collaborate to achieve certain commercial goals. Some business organisations are formed to earn income for owners. Other business organisations, called nonprofits, are formed for public purposes. This is an individual assessment task in which you will examine critical issues related to business and management contexts. The objective is to gain greater understanding of the contextual factors internal and external to a business that impact on a business organisation and its decision making.

Task

Part A: Due Week 5 - 11:45pm Friday 11 August, 2017 (AEST)

Identify a 'hypothetical' business opportunity that if you had the funds, time and drive you would pursue as a business start-up. This could be an idea you believe has the potential to become a business for you to own and grow. Provide a brief description of your organisation: its size, the industry and country/countries in which it will operate, the strategy and vision that it will adopt. Using information from Topics 1-5 on the Moodle site:

- Describe the organisational structure that best suits your new business start-up.
- Discuss the external and internal environmental forces that will impact your business organisation.
- Analyse the risks that will confront your business organisation.
- Describe the business practices that you will adopt to enhance organisational performance.
- Discuss the most important functions within your business organisation and how these relate to its performance.

The format of the assessment is an essay of 1500 words (+/-10%), 15 marks.

Part B: Due Week 8 - 11:45pm Friday 8 September, 2017 (AEST)

Extending on Part A, select one of the following contextual factors. Using information from Topics 6-8 on the Moodle site provide an overview of the contextual factor and assess how you would utilise it to enhance the business practice of your organisation or business.

- Governance and legal requirements OR
- Innovation and Entrepreneurship OR
- Knowledge Management and eCommerce

The format of the assessment is an essay of 1500 words (+/-10%), 15 marks.

Assessment Due Date

This assessment has 2 parts and each part is submitted separately on different dates as indicated in the unit schedule. All assignments must be submitted through the Moodle unit website. No email submissions will be accepted. Please contact TaSAC if you have difficulty accessing the Moodle site.

Return Date to Students

Week 10 Friday (22 Sept 2017)

Part A will be returned to students on Friday 25 August. Please be aware that this is an estimated date only.

Assessment marks will be returned after marking and moderation processes are completed. Sometimes factors beyond our control affect the timeliness of marking and feedback. Where this occurs students will be notified via the unit Moodle site.

Assessment Criteria

A marking rubric expanding on the criteria below will be provided on Moodle.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
