General Information

Overview

This unit will equip you with the skills and knowledge to excel in procurement roles across private and public sector environments. By delving into key components crucial for procurement innovation and value delivery, you will develop a deep understanding and skills of strategic planning, process integrity, agile strategies, technology, innovative practices, and value delivery within procurement processes, ensuring that goods, services, or solutions procured by organisations provide maximum value in terms of quality, cost-effectiveness, and alignment with organisational objectives. Upon completing this unit, you will emerge with the knowledge and skills needed to lead procurement initiatives in diverse organisational settings. Positioned as an invaluable asset in today's competitive job market, you will drive innovation, navigate complex landscapes, and contribute to organisational success through ethical, innovative, and value-driven procurement practices.
