

MMST11009 *Digital Video and Audio*

Term 1 - 2024

Profile information current as at 12/05/2024 07:11 pm

All details in this unit profile for MMST11009 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, students will be introduced to fundamental digital video and audio skills and knowledge. By engaging with activities that integrate practical skills and conceptual understanding, students will be able to produce digital audio and video content for a range of contexts appropriate to the digital content industries.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE unit comments

Feedback

It was frustrating having to search through lecture videos to find the specific information required, and a summary sheet would have been useful.

Recommendation

Include a summary document listing the key learnings from each week's lecture content.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Demonstrate competency in foundational digital video and audio editing and production skills
2. Manage workflow at an industry standard throughout the video and audio production process
3. Apply knowledge and understanding about audio and video and their application in contemporary digital content industries.

Assessment Tasks

1 Digital Video Interview

Assessment Type

Practical Assessment

Task Description

This assessment requires you to apply technical video and audio skills introduced in the first five weeks of this unit to the production and editing of a 60 second video interview. To produce the final video you will create and edit together one shot of your interview subject and a small amount of b-roll footage. The completed project must adhere to the technical specifications and submission requirements provided in the detailed task breakdown on the unit website (Moodle).

Please refer to the unit website (Moodle) for a detailed assessment description and criteria.

Assessment Due Date

Vacation Week Monday (8 Apr 2024) 11:59 pm AEST

Return Date to Students

Two weeks following submission

Weighting

30%

Assessment Criteria

1. Technical proficiency in use of camera, light, and sound
2. Adherence to professional video and audio conventions
3. Quality of workflow during production and post-production

Please refer to the Unit website (Moodle) for detailed assessment criteria.

2 Audio Advertisement

Assessment Type

Practical Assessment

Task Description

This assessment requires you to create a 30 second audio advertisement suitable for an online podcast. To complete this task, you will be required to record vocals and sound effects, mix these to a professional standard using appropriate software, and apply audio effects to manipulate the characteristics of some of the audio clips used. The completed project must adhere to the technical specifications and submission requirements provided in the detailed task breakdown on the unit website (Moodle).

Please refer to the unit website (Moodle) for a detailed assessment description and criteria.

3 Digital video package

Assessment Type

Practical Assessment

Task Description

This assessment requires you to plan and execute an audiovisual package for a product or service suited to a selection of online delivery platforms. Instructions for selecting a product or service will be provided in the detailed task breakdown on the unit website (Moodle). The package will consist of one five second sequence and one 30 second sequence for different online platforms selected from a list provided. You will use visualisation techniques to plan high-quality, innovative, and technically proficient sequences that accomplish continuity in shape, movement, colour and lighting between shots. The sequences will attain synergy between video and audio. The completed project must adhere to the technical specifications and submission requirements provided in the detailed task breakdown on the unit website (Moodle), including a 500 word creative statement accompanying the submission explaining the package's creative vision, target audience, and intended release platforms.

Please refer to the unit website (Moodle) for a detailed assessment description and criteria.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
