Assessment Tasks

1 Online Quiz

Assessment Type

Online Quiz(zes)

Task Description

Please see below for key features of this online quiz:

- 20 questions.
- Study resources: week 1 -- week 5 (see study schedule, textbook, and lecture slides).
- Time limit: 30 minutes.
- This quiz will be open at 09:00 AM AEST Monday Week 5, and be due at 05:00 PM AEST Friday Week 6.

Important Advice:

- You need to study the textbook and lecture slides carefully. There will be no sample quiz. However, you may find some exemplary quiz questions in several lecture slides.
- This quiz has a time limit of 30 minutes and can only be taken once. Please do not open the quiz until you are ready to complete the entire quiz.
- Responsibility for access, ISP, browsers, connection and the computer you use (irrespective of who owns it) remains with the student. Failure of equipment is not grounds for special consideration, extension of quiz or special arrangements. Use of computers/computer labs on university campuses does not absolve students of their responsibility for having reliable and continued access to the worldwide web.
- Refer system access problems (e.g. Moodle login or password issues) to the Technology and Services Assistance Centre at tasac@cqu.edu.au as early as possible.
- "My computer has frozen up during the online quiz - what do I do?" The first thing to do is "don't panic"! Contact the Unit Coordinator immediately for assistance identifying the nature of the problem, your full name, student number and campus. Any omissions of this required information may delay a response.
- If a student requests a reset of the online quiz and the Unit Coordinator agrees to that request, but subsequently the student does not complete the quiz within the deadline, it will be deemed that the quiz has not been completed and a score of zero will apply. Note that the determination of whether the online quiz result was affected by technical difficulties will be solely the prerogative of the Unit Coordinator. Simply doing poorly in the quiz and then asking for a reset will not be considered.

3 International Marketing Teamwork

Assessment Type

Group Work

Task Description

What would you do to build a team?

- This is a team-based assessment task, where you have to allocate yourself to one of the teams through the unit Moodle site. It is highly recommended that you join a team whose members you can communicate with on a regular basis.
- There should be no more than four members in a team; preferably from at least two different cultures.
- Exchange your communication IDs (Skype/E-mail/Facebook) and/or phone numbers etc., and start your teamwork.

What are the tasks?

Your team is currently considering entering the international entertainment industry and the head office is located in Australia. Your team needs to have the following tasks completed and reflected on a website in order to market your idea/product/service internationally via the Internet.

- *Develop an idea/product/service that is compatible to the international entertainment industry, and marketable globally via the Internet,*
- *Which country do you think would fit best with the idea/product/service and why? Demonstrate that the idea/product/service has a market potential for the country you have chosen, and finally,*
- *Develop effective strategies for marketing to your chosen country, especially, in regard to marketing mix strategies, such as, product, place, price and promotion strategies.*

While completing these tasks, your team needs to seek theoretical support from a minimum of 10 journal article references.

After developing the website, the team will complete the marking criteria and self-assessment sheet, copy and paste the website link in the specified space provided in the sheet, and upload the sheet to the unit Moodle site.

How can I get a freely hosted website?

There are a number of free online sources, such as www.webs.com and www.wix.com.

How would I be assessed and marked?

The team members will assess their own work based on the assessment criteria as specified below, and complete and upload the marking criteria and self-assessment sheet. Furthermore, the unit teaching staff will evaluate their work and compare it with other teams. The final score will be allocated by the unit teaching staff.

Note:

It is expected that all team members will contribute equally to this 'fun piece' of assessment. Team members are required to specify their contributions in the marking criteria and self-assessment sheet.

Assessment Due Date

Review/Exam Week Wednesday (11 Oct 2017) 5:00 pm AEST

Return Date to Students

As this unit has no exam, the formal results for this last piece of assessment can only be released to students on the Certification of Grades date (03-Nov-2017).

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
