This needs to be finalised by week 4. The team needs to have a voiceover in the PowerPoint slides. For hints on how to convert a PowerPoint slide to a presentation with voiceover, please view the link. Adding a voiceover to PowerPoint presentations in 5 easy steps: <http://www.emergingedtech.com/2012/12/add-voice-over-to-powerpoint-presentations-in-5-easy-steps/>. You can also watch some other YouTube videos.

- Both face-to-face and online/distance students need to upload the PowerPoint slides and voiceover, and their individual contribution document via the assessment submission link available in the unit Moodle site between week 5 and week 6. All members of a team will upload the same assessment task. However, a substantial content matching in teams' slides will be forwarded to an appropriate office/authority for necessary actions.
- You will receive some brief feedback from your campus lecturer/tutor/coordinator.
- Please ensure that your presentation includes relevant concepts, theories, tools, and models discussed in the unit.

2 Online Quiz

Assessment Type

Online Quiz(zes)

Task Description

Underneath please see below for key features of this online quiz:

- This is an individual assessment task.
- 20 questions/items.
- Study resources: week 1 -- week 5 (see study schedule, textbook, and lecture slides).
- Time limit: 30 minutes.
- This quiz will open at 09:00 AM AEST on Monday Week 5, and be due at 05:00 PM AEST on Friday Week 6.

Important Advice:

- You need to study the textbook and lecture slides carefully. There will be no sample quiz. However, you may find some exemplary quiz questions in several lecture slides.
- This quiz has a time limit of 30 minutes and can only be taken once. Please do not open the quiz until you are ready to complete the entire quiz.
- Responsibility for access, ISP, browsers, connection and the computer you use (irrespective of who owns it) remains with the student. Failure of equipment is not grounds for special consideration, an extension of quiz or special arrangements. Use of computers/computer labs on university campuses does not absolve students of their responsibility for having reliable and continued access to the world wide web.
- Refer system access problems (e.g. Moodle login or password issues) to the Technology and Services Assistance Centre at tasac@cqu.edu.au as soon as possible (ASAP).
- "My computer has frozen up during the online quiz - what do I do?" The first thing to do is "don't panic"! Contact the Unit Coordinator immediately for assistance identifying the nature of the problem, your full name, student

number and campus. Any omissions of this required information may delay a response.

- If a student requests a reset of the online quiz and the Unit Coordinator agrees to that request, but subsequently the student does not complete the quiz within the deadline, it will be deemed that the quiz has not been completed and a score of zero will apply. Note that the determination of whether the online quiz result was affected by technical difficulties will be solely the prerogative of the Unit Coordinator. Simply doing poorly in the quiz and then asking for a reset will not be considered.

1. Briefly explain the profile of Australian market segment and the product for this segment,

- The assessment task must be uploaded through an appropriate Moodle link by the end of week 12.
- It is expected that the report will be based on the concepts, theories, tools introduced in this unit and the use of your own research findings. You are encouraged to include recent journal articles and relevant theories and research findings, where appropriate. Use of data and information from the Australian Bureau of Statistics, Austrade, relevant and authentic Web sites, textbooks etc. will enrich your report.
- The "Turnitin" plagiarism check must be within 20%. Any assessment with a 'Turnitin' score of more than 20% will be checked by the marker for plagiarism although it may not necessarily mean that you have plagiarised. If we find a substantial matching rate in the 'Turnitin' report, your task will be forwarded to an appropriate office/authority for necessary actions.
- You are strongly suggested to attend the lecture, tutorial, and discussion sessions. Please also follow the study resources available on the Moodle site and/or on the Web.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
