General Information

Overview

In this unit, you will examine the role and importance of marketing in an organisation. The theories and concepts of marketing are examined and you will assess how the marketing process works in an increasingly complex and competitive business environment. You will analyse marketing planning, strategy, digital communications and evaluate various tools and techniques used by professional marketers. The increasing attention to social media and the digital space as a means of connecting organisations to customers and stakeholders is also an underlying theme addressed in this unit.

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from "Have Your Say" survey

Feedback

One of the feedback items stated that including the textbook chapter name on Moodle could be helpful as it is difficult to identify the chapters to be covered.

Recommendation

The unit's Moodle should be designed in a way by which students can identify the topic. Currently, the weekly tiles are showing the week numbers rather than the topics. Therefore, to make it convenient for students, a way could be the inclusion of topics in the Moodle tile or the PPT slide names.

Feedback from "Have Your Say" survey

Feedback

One of the feedback items indicated that the assessments are the best part of the unit with which students get the better understanding of the unit.

Recommendation

Maintain the assessment description and criteria.

Feedback from "Have Your Say" survey

Feedback

One of the feedback items stated the importance of recorded lectures.

Recommendation

Continue with recording and uploading the lectures.

Assessment Tasks

1 Portfolio article analysis

Assessment Type

Portfolio

Task Description

For this individual assessment, each student is required to choose a news article (from two articles to be provided on Moodle) that focuses on selected United Nations Sustainable Development Goals (UNSDGs) and answer a set of questions exploring marketing implications of the article. The specific questions students need to answer include: (1) Which of the UNSDGs does the news article relate to?; (2) Who are the important stakeholders?; (3) What potential marketing issues can be identified from the article?; and (4) How would you respond to these issues and why? Students are required to include a minimum of 5 references to support their answers to these questions.

This is an individual assessment with a maximum of 1000 words. Please note that only references used in text should be included in your reference list. Any assessment with a 'Turnitin' score of more than 25% will be checked by the marker for potential plagiarism issues although it may not necessarily mean that you have plagiarised. If there is a substantial similarity score in the 'Turnitin' report, your assessment may be forwarded to an appropriate office/authority.

Assessment Due Date

2 Marketing Audit

Assessment Type

Report

Task Description

Assessment 2 requires students to work in groups of up to five students on the selected company (please see Moodle for more details) in order to prepare a comprehensive marketing audit. The aim of this assessment is to conduct a systematic, comprehensive and objective analysis of the marketing activities undertaken by the company. In addition, you are also required to provide two recommendations for the company. The marketing audit should be a maximum of 2000 words in length. The written component is worth 30%.

Groups are required to present the major parts of the report in week 10 and 11 workshops. Each presentation should not be more than 5 minutes in duration with a maximum of 6 slides. The presentation is worth 10%.

Your submission should show an application of relevant marketing concepts, theories, and analytic tools learnt in the unit. **The marks for this assessment will depend primarily on presenting appropriate and supporting evidence and also, on the ability to critically write and present the marketing audit report.** You are strongly encouraged to use the Academic Learning Centre (ALC) facilities to assist you in preparing a professional report and presentation.

This is a group assessment (maximum group size is 5 students). All group members must be from the same workshop. Workshop facilitators will provide additional information about forming groups in the workshop classes. Please note that once you are placed in a group, you are not allowed to change groups (i.e. join another group) without prior permission from the teaching staff (workshop facilitator).

Changing groups without informing the teaching staff will result in substantial delay and erroneous mark allocation to group members. A penalty of 10% will be applied to students who change groups without notifying the teaching staff. This is in line with the Assessment Policy and Procedure 4.11 section f) which clearly states assessment specifications (maximum length, presentation format, etc) and any penalties for not complying with the specifications.

Both the marketing audit (in .doc or .docx format) and the associated PowerPoint slides (in .ppt or .pptx format) need to be submitted through Moodle by the due time (**only one member per group is required to submit both the Word and PowerPoint files**). Any assessment with a 'Turnitin' score of more than 25% will be checked by the marker for potential plagiarism issues although it may not necessarily mean that you have plagiarised. If there is a substantial similarity score in the 'Turnitin' report, your assessment may be forwarded to an appropriate office/authority.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
