Assessment Tasks

1 Portfolio Article Analysis

Assessment Type

Portfolio

Task Description

For this individual assessment, each student is required to choose a news article (from two articles to be provided on Moodle) that focuses on selected United Nations Sustainable Development Goals (UNSDGs) and answer a set of questions exploring marketing implications of the article. The specific questions students need to answer include: (1) Which of the UNSDGs does the news article relate to?; (2) Who are the important stakeholders?; (3) What potential marketing issues can be identified from the article?; and (4) How would you respond to these issues and why? Lastly, (5) reflect on what you have learned from this assessment and consider how your learning could be applied in the future. A minimum of 5 references must be included to support the answers to these questions.

This is an individual assessment with a maximum of 1000 words. Please note that only references used in text should be included in your reference list. Any assessment with a 'Turnitin' score of more than 25% will be checked by the marker for potential plagiarism issues although it may not necessarily mean that you have plagiarised. If there is a substantial similarity score in the 'Turnitin' report, your assessment may be forwarded to an appropriate office/authority.

Assessment Due Date

Week 5 Friday (5 Apr 2024) 11:00 pm AEST

Return Date to Students

Week 7 Friday (26 Apr 2024)

Results will be released after marking and moderation is completed.

2 Marketing Audit

Assessment Type

Report

Task Description

Assessment 2 requires students to work in groups of up to five (5) students on the company **Kogan.com** (www.kogan.com/au/) in order to prepare a comprehensive marketing audit. The aim of this assessment is to conduct a systematic, comprehensive and objective analysis of the marketing activities undertaken by the company. In addition, you are also required to provide two recommendations for the company, and to reflect on what you have learned from this piece of assessment, and how your learning could be applied in the future. The marketing audit should be a maximum of 2000 words in length.

All groups are required to be ready to present the Executive Summary of their report in their week 10 workshops, any remaining presentations will be completed in the week 11 workshops. Each presentation should not be more than 5 minutes in duration with a maximum of 6 slides.

Your submission should show an application of relevant marketing concepts, theories, and analytic tools learnt in the unit. **The marks for this assessment will depend primarily on presenting appropriate and supporting evidence and also, on the ability to critically write and present the marketing audit report.** You are strongly encouraged to use the Academic Learning Centre (ALC) facilities to assist you in preparing a professional report and presentation.

This is a group assessment (maximum group size is 5 students). All group members must be from the same workshop. Workshop facilitators will provide additional information about forming groups in the workshop classes. Please note that once you are placed in a group, you are not allowed to change groups (i.e. join another group) without prior permission from the teaching staff (workshop facilitator).

Changing groups without informing the teaching staff will result in substantial delay and erroneous mark allocation to group members. As this is a group effort, all group members must participate in the

presentation. If any group member does not participate in the presentation without prior notice, or if other group members inform the unit coordinator of group members' lack of contribution, then that group member will receive a zero.

Both the marketing audit (in .doc or .docx format) and the associated PowerPoint slides (in .ppt or .pptx format) need to be submitted through Moodle by the due time (**only one member per group is required to submit both the Word and PowerPoint files**). Any assessment with a 'Turnitin' score of more than 25% will be checked by the marker for potential plagiarism issues although it may not necessarily mean that you have plagiarised. If there is a substantial similarity score in the 'Turnitin' report, your assessment may be forwarded to an appropriate office/authority.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
