Assessment Tasks

1 Presentation

Assessment Type

Presentation and Written Assessment

Task Description

For this task, assume that you have been hired as a marketing communication consultant for one of the theme parks in Australia. You have been given the responsibility to develop an integrated marketing communication (IMC) plan for the theme park. Assessment 1 is the first stage of preparing that plan. Assessment 2 is the second stage of the plan. Choose one of the theme parks from the list below:

1. Dreamworld, Gold Coast
2. Luna Park, Sydney & Melbourne
3. Big Banana, Coffs Harbour
4. Adventure World, Perth

Your tasks for assessment 1 are to:

1. Critically research the Australian theme park industry;
2. Evaluate the current brand strategy and positioning of the chosen theme park;
3. Discuss and justify the market segments that your proposed IMC campaign (to be developed in assessment 2) will target.

Assessments 1 and 2 are related and you will be required to complete the IMC plan for the same theme park in Assessment 2. You can use the example of an IMC plan given on pages 498-507 in the textbook as a guide. The preparation for this presentation involves extensive research and you will need to start working on this assessment as early as possible. The PowerPoint slides will need to be uploaded in Moodle under the "Assessment 1" submission link as a .ppt or .pptx file. A font size of at least 20 should be used for the body of the text. This is an individual assessment.

For students located at the local campuses: Students will present their work to the campus tutor and fellow students at a time specified by your tutor, usually in the tutorial of Week 5 (and Week 6 if necessary). You are required to prepare a 5-minute (maximum) PowerPoint presentation that includes a maximum of 10 slides (including title and reference slides). Your presentation should show an application of the concepts, theories, tools and models discussed in

the unit. Your assessment will be marked both on the quality and content of the presentation. Your campus lecturer/tutor will mark your presentation which will be moderated by the Unit Co-ordinator.

For distance education (Flex) students: For this assessment you are required to prepare PowerPoint slides (maximum 10 slides including title and reference slides) with voiceover (5 minute maximum). Your presentation should show an application of the concepts, theories, tools and models discussed in the unit. Your assessment will be marked both on the quality and content of the presentation. You should use a headset with microphone preferably or speak loudly if you use the inbuilt microphone on your laptop/computer. Please make sure your voice is clear, can be heard and understood when playing the PowerPoint slides before you upload your work into Moodle as a .ppt or .pptx file. You do not need to read the in-text referencing or references at the end of the slides in your recording. For hints on how to convert a PowerPoint slide to a presentation with voice over, please view the link. Adding Voice Over to PowerPoint Presentations in 5 Easy Steps:

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
