

MRKT20055 *Science of Consumer Behaviour*

Term 1 - 2019

Profile information current as at 06/05/2024 03:01 am

All details in this unit profile for MRKT20055 have been officially approved by CQUUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Consumption is a universal phenomenon of human society, and understanding consumer behaviour is fundamentally critical to marketers and policymakers. This unit explores the science of consumer behaviour, an interdisciplinary field that integrates knowledge and discovery from marketing, psychology, anthropology, sociology, demography, and economics. In this unit you will examine models and frameworks of consumer decision making, as well as the impacts of internal and external factors on thoughts, feelings, and actions of consumers. Furthermore, you will learn to implement consumer behaviour principles to facilitate the development of successful marketing campaigns.

- Brisbane
- Melbourne
- Online
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit evaluation.

Feedback

Students appreciated the engaging, practical, and applicable nature of various subject contents and learning activities, as well as the support provided by the teaching staff.

Recommendation

The teaching staff for future offerings of this unit should maintain the good practice in terms of delivering subject contents and learning activities that are relevant, engaging, and applicable, as well as providing attentive and helpful support for all students.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Assess critical situational influences that shape consumer behaviour
2. Examine decision-process influences associated with consumer behaviour
3. Analyse the influences of internal and external factors on consumer behaviour
4. Use consumer behaviour principles to solve marketing problems
5. Identify new trends in consumer behaviour theories and applications.

Online Quiz(zes)

Task Description

Assessment Task 1—Online Quiz

Due date: Online quiz starts at 9am AEST Monday Week 4 and closes at 5pm AEST Friday Week 5 in Moodle

Weighting: 20%

Time: 30 minutes

Details

The online consumer behaviour quiz ensures that students engage the conceptual material in the following chapters of the textbook: 1, 2, 3, 4, 5. The quiz includes 20 questions and has a time limit of 30 minutes.

Please see below for some important advice for the quiz.

- You can practice a sample quiz in the unit Moodle site, and the sample quiz will be available from 9am AEST Monday Week 3.
- The quiz can only be taken once so do not open the quiz until you are ready to complete the entire quiz.
- Responsibility for access, ISP, browsers, connection and the computer you use (irrespective of who owns it) remains with the student. Failure of equipment is not grounds for special consideration, extension of quiz or special arrangements. Use of computers/computer labs on university campuses does not absolve students of their responsibility for having reliable and continued access to the worldwide web.
- Refer system access problems (e.g. Moodle login or password issues) to the Technology and Services Assistance Centre at tasac@cqu.edu.au as early as possible.
- "My computer has frozen up during the online quiz – what do I do?" The first thing to do is "don't panic"! Contact the Unit Coordinator immediately for assistance identifying the nature of the problem, your full name, student number and campus. Any omissions of this required information may delay a response.
- If a student requests a reset of the quiz and the Unit Coordinator agrees to that request, but subsequently the student does not complete the quiz within the deadline, it will be deemed that the quiz has not been completed and a score of zero will apply. Note that the determination of whether the online quiz result was affected by technical difficulties will be solely the prerogative of the Unit Coordinator. Simply doing poorly in the quiz and then asking for a reset will not be considered.

Assessment Task 2—Presentation

Due date: Friday of Week 7 by 5pm AEST

Weighting: 30%

Length: a) 6 PowerPoint slides; b) 5 minutes maximum for the presentation

Details

Academic research on consumer behaviour has been an important driving force behind business decisions in the real world. In this assessment task, you as a “consumer behaviour expert” will bring the latest consumer behaviour research into practice.

First, please browse the following four research articles recently published in “Journal of Consumer Research”, the best consumer behaviour journal in the world.

- Consiglio, I., De Angelis, M., & Costabile, M. (2018). The effect of social density on word of mouth. *Journal of Consumer Research*, 45(3), 511-528.
- May, F., & Irmak, C. (2018). The effects of rarity on indulgent consumption: Non-impulsives indulge when low frequency is salient. *Journal of Consumer Research*, 45(2), 383-402.
- Park, J. J., & Sela, A. (2018). Not my type: Why affective decision makers are reluctant to make financial decisions. *Journal of Consumer Research*, 45(2), 298-319.
- Van Kerckhove, A., & Pandelaere, M. (2018). Why are you swiping right? The impact of product orientation on swiping responses. *Journal of Consumer Research*, 45(3), 633-647.

Your task is to choose one article from these four articles, present the empirical studies and findings of your chosen article, and apply these findings to an organisation of your choice. That is, you will find a real-world organisation, introduce its background and main products in 2019, and provide recommendations on how the organisation could benefit from applying the research findings.

This presentation should be made within 5 minutes and through 6 PowerPoint slides. The slides should follow the

subsequent structure:

- Student information and presentation title;
- The research article: empirical studies;
- The research article: findings;
- Introduction of a real-world organisation;
- Recommendations for the organisation;
- Reference list.

You will also prepare a script (i.e., a Word document) in which you will write out or at least outline what you intend to say in your presentation.

Please pay attention to the following details on presentation and submission methods:

- On-campus students will deliver their presentation in class, and submit their PowerPoint file and script on Moodle.
- Distance education students will record their presentation through PowerPoint's "Record Slide Show" function, and submit their PowerPoint file (with recording) and script on Moodle.
- **For all students**, the Moodle submission of PowerPoint file and script will be due at 5pm AEST Friday Week 7. However, on-campus students may present in class prior to, during, or after Week 7, depending on their local lecturer/tutor's scheduling.

Task Description

Assessment Task 3—Individual Report

Due date: Friday of Week 12 by 5pm AEST

Weighting: 50%

Length: 1600 words maximum

Details

Purchasing a motor vehicle can be a major consumption decision, subject to many competing influences. This assignment requires you to look at the motor vehicle choices of 3 people, and provide your analysis on those factors leading to their decisions.

Firstly, please download the 4 survey questionnaires completed by 4 different respondents (these questionnaires will be posted on Moodle from Week 7). After reading through these questionnaires, please pick 3 questionnaires/respondents (you can pick any 3 you like) as the target for your analysis. You will notice that these questionnaires are mainly about making decisions among 5 different motor vehicle options.

Secondly, please use the theoretical areas below to analyse the behaviour of your chosen respondents. Please explain the differences between their rankings of evaluative criteria and their choices of motor vehicles, using theories from:

- Personality
- Demographics (age, gender, family situation, income, ethnicity etc)

Lastly, please provide recommendations to the marketer of ANY ONE of the motor vehicle options featured in the survey questionnaires – what are the characteristics of her/his likeliest customers and how might she/he best attract them by applying the theories of learning and memory?

Your argument and analysis in this report requires theoretical support from a minimum of 10 journal article references.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
