

MRKT20057 *Global Marketing*

Term 1 - 2019

Profile information current as at 16/05/2024 12:40 am

All details in this unit profile for MRKT20057 have been officially approved by CQUUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

With globalisation, businesses are realising that there is a need to expand their target markets overseas for survival, growth and profitability. This unit builds on a series of critical marketing concepts, where you will learn how to analyse global environmental forces and how to strategically develop and manage contemporary entry, competitive and international marketing mix strategies. On completion of this unit, you will have an advanced and integrated understanding of international marketing theories, practices, and strategies.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Demonstrate in-depth understanding of the major theories and contemporary practices of global marketing
2. Critically analyse and evaluate the global marketing environments
3. Develop analytical and problem solving skills related to market selection, entry and competitive strategies in global markets
4. Formulate and synthesise global marketing mix strategies to respond to complex global marketing challenges and opportunities.

Assessment Tasks

1 A1: Online Test

Assessment Type

Online Test

Task Description

Assessment task 1 comprises of one online test worth 20%. The online test will comprise of one of two case studies:

- **'Argentina uncorks malbec - world ready for a glass' (p.107 textbook)**
- **'LJ Hooker's reach to China' (p.154 textbook)**

You have one week to complete the test. There are no extensions of test dates for the online test. Please refer below for your test information and important advice regarding the online test.

Online test :

- Study resources refer to content from Weeks 1-4 chapters 1, 2, 3, 4 & 11.
- Test opens on Monday of Week 5 (8 April 2019) at 9:00am AEST and closes on Friday of Week 5 (12 April 2019) at 5:00 pm.
- Student will only be able to log in to the test once and it will only be available for a total of 90 minutes.
- Students will need to answer a total of three (3) or four (4) questions related to one of the two case studies.
- Case studies will be randomly assigned to students.

Notes and Important Advice:

- All times shown are in Australian Eastern Standard Time (AEST) - you may need to adjust for your own time zones if completing the online tests.
- Each test has a time limit of 90 minutes and can only be taken once.
- Please do not open the test until you are ready to complete the entire test.
- Only 1 attempt the test is allowed.
- You must aim to have the test completed by the closing date.
- There is no penalty for a wrong answer.
- You need to study the textbook, PowerPoint slides, and this unit profile carefully.
- There will be no sample tests.

- You do not have the option of multiple attempts in this piece of assessment.
- Responsibility for access, ISP, browsers, connection and the computer you use (irrespective of who owns it) remains with the student. Failure of equipment is not grounds for special consideration, extensions of tests or special arrangements. Use of computers/computer labs on university campuses does not absolve students of their responsibility for having reliable and continued access to the worldwide web.
- Do not wait until the last minute. The Unit Coordinator will not open tests again for problems related to LAST MINUTE ATTEMPTS. Special consideration or arrangements will not be granted where the student attempts to complete the online test WITHIN THE LAST 48 HOURS of the test and encounters problems that cannot be resolved before the expiry of the online test.
- Refer system access problems (e.g. MOODLE login or password issues) to the Client Service Centre at tasac@cqu.edu.au as early as possible.
- “My computer has frozen up during an online test – what do I do?” The first thing to do is “don’t panic”! Email the unit coordinator immediately for assistance identifying YOUR FULL NAME, STUDENT NUMBER, COURSE CODE, CAMPUS, AND THE NATURE OF THE PROBLEM. Any omissions of this required information may delay a response.
- You must aim to have the test completed by the closing date.
- If a student requests a reset of their test and the Unit Coordinator agrees to that request, but subsequently the student does not complete the test within the deadline, it will be deemed that the test has not been completed and a score of ZERO will apply. Note that the determination of whether the online test result was affected by technical difficulties will be solely the prerogative of the Unit Coordinator. Simply doing poorly in a test and then asking for a reset will not be considered.

2 A2: Individual Country Analysis Report

Assessment Type

Written Assessment

Task Description

Assessments 2 and 3 are related. Ensure you read through Assessment 3 before you begin Assessment 2.

Length:	2,500 words (excluding the executive summary, table of contents, reference list, appendices and charts)
Weighting:	50%
Due Date:	Friday Week 7, 3 May, 2019 at 11:55PM AEST
Submission Notes:	Online through Moodle - All assignments should be submitted online through the MRKT 20057 Moodle site. All reports will be checked by Turnitin to compare the report to other sources and will provide students and lecturers with a similarity score for the report. Reports with a similarity score index of more than 20% will be checked for plagiarism (although it may not necessarily mean that the student has plagiarised).

Task Description - Individual Report

This challenging assessment/task will provide you a real world experience through an applied and innovative task. Choose one of the following products:

1. Danes coffee (<https://www.danes.com.au>)

OR

2. Aboriginal cultural tours (<http://www.aboriginalsa.com.au>)

You have been hired as the Marketing Manager and your CEO has decided to investigate market opportunities for the potential international promotion and sale of their products or services to one of the following countries:

- China
- Japan
- Korea
- Singapore
- UK

Choose one of the above countries and write a report on the potential opportunities and threats after conducting a strategic analysis of the environmental variables such as economic, political, social, cultural, technological and any other variables that would influence the market entry in that country.

It is recommended that students read various academic materials before writing this report. You will be expected to have consulted books, relevant academic journal articles, conference proceedings, theses, dissertations, market reports and so on to write the report (i.e. support your arguments with theories and market figures). You should start working on the assessment as early as Week 4.

Students can follow the report structure below:

- title page with unit name and code, student name, student id and campus and date;
- executive summary (not more than 1 page);
- table of contents;
- introduce the background information necessary to understand the product and the country of your choice;
- discuss the environmental variables (economic/financial, political/legal, social/cultural, technological) that may affect your international marketing campaign in that country;
- conclusion and recommendations for moving forward on the export opportunities or threats
- list the references (at least 15 academic references)
- Appendices (where required)

You can use the CQUniversity library database and Google Scholar to find journal articles. Remember to reference them in-text as you use them and add them immediately to your reference list. You must use APA Referencing and if using Endnote, you need to download and use the latest version.

Be creative!

To enhance the presentation of your assignment, use numbered headings and sub-headings to specify the information required for each of the above criterion. The assessment marking criteria below should guide you for this assessment task, in particular the weighting attributed to each section of the assignment. Please use Times New Roman with font 12

and 1.5 line spacing.

3 A3: Group Work (Oral presentation and Word script)

Assessment Type

Presentation

Task Description

REMEMBER: Assessments 2 and 3 are related.

Due Date:	Upload your PPT and Script by Monday of Week 11 (27 May 2019), 9:00 AM AEST; Oral presentations for on-campus students will be held in tutorials in weeks 11 & 12.
------------------	--

Length:	Oral Presentations of not more than 10 mins in duration (using powerpoint slides) plus a Script of your presentation (maximum 1,500 words excluding references)
Weighting:	30%
Submission Notes:	<ul style="list-style-type: none"> • All assessments should be submitted online through the MRKT20057 Moodle site. Only one PPT File and 1 Word Script document needs to be submitted per team. • On-campus (internal) students will be presenting their Oral (PPT) presentations in class time during Weeks 11 and 12. • Distance students are required to provide a voice-over on your slides (see notes below).

Task Description - Team PPT presentation with voice over and Word written assessment

Organise yourself into teams of 2 or 3 people. For Assessment 3, your group is expected to choose **ONE** of the countries and **ONE** of the products that you worked on in Assessment 2 where you will go to market and explain the rationale for your choice.

You will then provide recommendations for the following:

- Market selection and entry strategy
- Competitive strategy
- Pricing strategy
- Promotion strategy
- Distribution strategy
- Concluding recommendations

You are expected to read widely to support your analysis and justify your recommendations. You must include **at least 15 references** to support your ideas. I suggest you use the CQUniversity library database, industry reports, and Google Scholar to find journal articles. Remember to reference them in-text as you use them and add them immediately to your reference list. You must use APA Referencing and if using Endnote, you need to download and use the latest version.

Instructions for your written Word document with references

- Please use Times New Roman with font 12 and 1.5 line spacing
- You need to upload this Word (.doc or .docx file format) document in Moodle under Assessment 3 and also a copy of your PPT slides (.ppt or .pptx file format).

Instructions for the PPT slides (10 minutes oral presentation or voice-over)

- The oral presentation or voice-over should be a maximum of 10 minutes to discuss the above.
- Use the marking criteria for this assessment as a guide to include what is needed in the slides.
- You do not need to read the in text referencing or references at the end of the slides when presenting your oral or recording your voice-over for the PPT presentation.
- As far as possible, as this is a team effort, we would like to hear all voices of the students involved in the group especially on the metro campuses. For distance education students, we would understand if this is not possible.
- On-campus (internal) students will be presenting their PPT presentations in class time during Weeks 11 and 12.
- Distance students are required to provide a voice-over on your slides (see notes below).

For Distance students:

To record your voiceover, you should use a headset with microphone preferably or speak loudly if you use the inbuilt microphone on your laptop/computer. Please make sure your voice is clear, can be heard and understood when playing the Powerpoint slides BEFORE you upload your work into Moodle.

The Powerpoint slides will need to be uploaded in Moodle under the "Assessment 3" link.

Do NOT insert your audio as a wav.file into the slides because we will not be able to hear you if it is not embedded in the file. To check if it works, you could send your PPT file to a friend and see if they can hear it. Please do not send to the Lecturer or Unit Co-ordinator to check.

For hints on how to convert a PowerPoint slide to a presentation with voice over, please view the link below. Adding

Voice Over to PowerPoint Presentations in 5 Easy Steps:

<http://www.emergingedtech.com/2012/12/add-voice-over-to-powerpoint-presentations-in-5-easy-steps/>

Note: this is a team assessment business report.

Why is a group work important?

The success of international venture creation, investment, management and marketing activities is often reliant upon national and international network building, firm's capabilities in communication and teamwork, cross-cultural understanding, critical and rationale thinking, and processing and managing information and technology. This group assessment is aiming to practice and develop the above stated critical skills and abilities.

What would you do to build a team?

This is a team-based assessment, where you have to allocate yourself to any of the teams through the course Moodle site. I would suggest you to make a team whom you can communicate with on a regular basis. The link, "build your team for group work", is available in Week 1 slot. Click on this link, and then select the group and click on the "choice" button, and finally, scroll down and click on the "save my choice" button.

There should be no more than 3 members in a group. The objective of this team-based assessment is to have increased communication in English, network building, cross-cultural understanding and further strengthening your critical and rational thinking abilities. Therefore, it is expected that you, as a team player, will practise and achieve these critical skills. Exchange your communication IDs (Skype/E-mail/Facebook) and/or phone numbers etc., and start your team work. You can also download Zoom.us, which is free and allows you to call meetings and upload these meetings into your email calendar as well as giving video feeds and you can share your work on the screen so that all team members can see it.

Final Instructions

- Do NOT click on 'Final submission' of files in Moodle unless ALL FILES (PPT file, Word Script) have been uploaded.
- All assignments are to be uploaded into Moodle and not sent to the Unit Co-ordinator's email address for marking.
- You need to start working on this assessment as soon as Week 6 as it involves lots of research, preparation and team effort and do not wait until the last minute to do this assessment.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
