General Information

Overview

With increasing digitisation in the globalised world, businesses are realising that there is a need to apply the digital technologies in expanding their target markets overseas for survival, growth and profitability. This unit builds on a series of critical global marketing concepts, where you will be able to learn how to analyse and evaluate the global marketing environmental forces and the associated digital trends, and how to strategically develop and manage contemporary entry, competitive and international marketing mix strategies. On completion of this unit, you will have an advanced and integrated understanding of global marketing theories, practices, and strategies applicable in this digital era. This unit enables students to focus on an industry or organisation of their choice from a list of options for all assessments.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Feedback

Feedback

The workshop class allowed me to apply theoretical knowledge effectively, making it highly relevant and applicable to the assessment tasks.

Recommendation

Keep offering students with useful learning materials in relation to assessment tasks that cover the weekly materials.

Feedback from Unit Evaluation

Feedback

Unit Relevant to Degree

Recommendation

Include additional real-world case studies and learning materials in the weekly materials to offer students practical insights and connections to their field of study. This will help them demonstrate their competence and relevance to their degree.

Feedback from Student Feedback

Feedback

Communication, teaching flexibility, extra support to students, and the friendliness of the teaching team were appreciated by students.

Recommendation

It is recommended that all these factors are maintained to engage students and enhance student retention.
