3 Research Assignment

Assessment Type

Written Assessment

Task Description

Choose **ONE** of the following three Topics to write a 2000-2500 word essay about:

1. The virtuoso & the amateur performer

Rationale: During the 19th century, the rise of the virtuoso performer led to a dramatic contrast in the type of music that was performed in public and that which was performed in the home.

- Write an essay that describes the nature of this change and why it happened.
- Include any social changes that may have accompanied this phenomenon, or may even have been responsible for it.
- Compare the type of music that was performed in the home and on the concert platform, both at the beginning of the Romantic period and at the end of the 19th Century.
- Mention composers who wrote both music for public performance and also for home performance, and how their styles differed for each genre.
- What was the main purpose of music written by well-known composers for amateur performers?
- Draw some conclusions from your research as to why art music and popular music had diverged so radically by the end of the 19th century.
- Include examples of works and excerpts from music scores that illustrate this contrast.

OR

2. Many composers in the 20th century have experimented with new ways to use the human voice and acoustic musical instruments in musical performance.

- Examine the new uses of the human voice and acoustic musical instruments in avant-garde art music of the twentieth century, and comment on the new skills that singers and instrumentalists must acquire to effectively perform these works.
- Discuss also the ways that composers have dealt with issues of notation with these new sounds.
- Refer to specific examples from across the century, citing primary sources wherever possible.

OR

3. Many 20th century composers believed that music should awaken the social and political consciousness.

- Examine the ways that 20th century composers have used music and theatrical performance to present a particular political viewpoint.
- Comment on their effectiveness in communicating their message to the audience, and the relevance of these works at the time they were composed.
- Refer to specific examples from across the century, citing primary sources wherever possible.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
