

MUSC11405 *Language of Modern Music 1*

Term 1 - 2022

Profile information current as at 05/05/2024 09:00 pm

All details in this unit profile for MUSC11405 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit you will be introduced to foundational aspects of the language of modern music as derived from both the western art-music tradition and contemporary popular music styles. You will study music theory elements covering introductory aspects of pitch, rhythm, pulse, tempo, articulation and expression. You will apply this knowledge in a range of activities applicable to this study.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

Aural training

Recommendation

In 2022, the unit will include more aural training assessment items. This will incorporate the Auralia software that is available to students.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Create original rhythmic patterns in a variety of time signatures
2. Create a musical score using music notation software
3. Identify pitch, rhythm, keys, scales and chords through aural-related tasks
4. Apply the basic rudiments of music relating to pitch, rhythm, keys, scales and chords.

Term Specific Information

All students are required to purchase a student Auralia/Musition cloud license. This license will give you access to the Auralia and Musition programs. These two programs will be used to facilitate the music theory and aural musicianship content and assessment for Term 1 in Language of Modern Music 1 (LOMM1). These programs are interconnected and can be used on any computer and/or other devices with internet.

The cost of Auralia/Musition, is \$59 for a 12 months access. To purchase this software, you must enter the software website through the designated link in the LOMM1 Moodle site. This will register you as a CQU Musition student. This is a cloud subscription, meaning you cannot sign up without going through Moodle. The instructions and details will be available on the Moodle site prior to term commencing. The Unit Coordinator will also email all students further instructions.

Any questions, please contact p.mckenzie@cqu.edu.au

Music notation software:

It is strongly encouraged that students purchase the music notation software Sibelius to complete the assessments in this unit. Sibelius can be purchased in full or by annual subscription. The Moodle unit site contains the relevant purchase/set up information. Any questions, please contact the unit coordinator Peter McKenzie:

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
